Notes on the Table

Duty on residential and non-residential property by Westminster Parliamentary Constituency, 2010-11

These tables give the estimated yield from stamp duty on residential and non-residential property, broken down by Parliamentary Constituency for 2010-11. The estimates were derived from the Stamp Duty Land Tax database. There were extensive changes to the constituencies in 2010-11 compared to 2009-10 and the figures are for the redefined areas. Due to an insufficient proportion of transactions within Northern Ireland in 2010-11 having a valid postcode it has not been possible to provide figures at the level of Parliamentary Constituency.
