

ESF Programme Summary – Skills Support for the Workforce round 2

Overview

Skills Support for the Workforce (SSW) has been designed to meet the local skills needs identified by the Local Enterprise Partnership. Emphasis is placed on individuals progressing to higher levels of learning or to Apprenticeships. There is a responsive element within the contract, to enable providers to adapt provision to meet emerging skills needs, as identified by the Local Enterprise Partnership. SSW supports employed individuals who work in small to medium sized enterprises (SMEs) and micro sized organisations.

All of these contracts will end by 31 July 2015.
