None at all, particularly if there was mention of that in your bundle. We will treat the copy we receive from you as our "original" retained with covering note and all be happy working off that.

thanks <redacted>

my legal advisors said we should keep the original as a Home Office public record, so I trust that won't cause any local difficulties.

The letter should be on its way this afternoon.

Kind regards

,

Spot on. First name <redacted>

Please include in your covering note a brief comment to advise <redacted> that the issue sits with me, and that you understand I will be waiting on the original <redacted>

<redacted>, the critical path may be TfL wanting eyes on a wet ink copy and I don't want it to sit under a load of piles in the Commanders office for weeks. We know how that story goes.

Regards

, <redacted>

You mentioned a name for the MPS officer to whom I should write with a copy of the S28 Certificate.

Was it <redacted>from SO15?

Kind regards
