INTRODUCTION

This Statistical Notice provides summary statistics on recipients of War Pensions and new claims, awards and appeals made under the War Pension Scheme (WPS).

Pensions, allowances or other payments may be awarded under the WPS to eligible claimants where disablement or death occurs as a result of Service in HM Forces, prior to 6 April 2005.

Figures presented in this Statistical Notice are calculated from data stored on the Service Personnel and Veterans' Agency's War Pensions Computer System.

The Armed Forces and Reserve Forces Compensation Scheme (AFCS) came into force on 6 April 2005 to pay compensation for injury, illness or death caused by Service on or after that date. Summary statistics for the AFCS can be found in a separate quarterly report at www.dasa.mod.uk under 'All Other Publications' and 'Health/Medical Statistics'.

Due to cuts in staff resources and declining numbers under the War Pension Scheme, at the time of the last release of these statistics on 11 March 2010 DASA proposed a change in the frequency of the War Pensions Quarterly Statistics, from quarterly reports to bi-annual reports. The consultation period for this change ended in May and no comments were received.

From this point on publications will be released on a bi-annual basis reporting on mid-financial year end data (30 September) in December and end of financial year data (31 March) in June.

KEY POINTS

As at 31 March 2010:

- 148,945 War Disablement Pensioners (DPs) were receiving an ongoing pension. This represents a decrease of 8,180 since 31 March 2009.
- 30,655 War Widow(er)s (WWs) were receiving an ongoing pension. This represents a decrease of 2,135 since 31 March 2009.
- Over half of DPs (56%) and around five-sixths of WWs (86%) were aged 70 and over.

- Approximately five out of six (85%) DPs received pensions at the 50% rate or below. The largest group was those at the 20% rate (39% of DPs). Less than 4% received the 100% disablement rate.
- The average weekly amount received by DPs, including pension and supplementary allowances was £75.16^f. The average weekly amount received by a DP at the 100% disablement rate was £320.61^f.
- The average weekly amount received by WWs was £215.54. The average weekly WWs pension was £114.59, with the remainder comprising supplementary allowances.

MAIN FINDINGS

Figure 1: War Pensions in payment, 31 March 2006 to 31 March 2010, numbers

Source Data: Tables 1.1 and 1.2

Figure 1 shows that the number of Disablement Pensioners (DPs) receiving a payment has fallen each year over the past four years, from 182,800 as at 31 March 2006, to 148,945 as at 31 March 2010. Over the same period the number of War Widow(er)s (WWs) fell from 40,125 to 30,655.

This decline is primarily due to the fact that the number of individuals leaving the scheme each year is considerably higher than the number of individuals joining the scheme. The reasons for this are twofold. Firstly, the age profile of current recipients; 56% of DPs and 86% of WWs were aged 70 or over as at 31 March 2010 (see Table 1.6 for age group breakdown). Secondly, compensation claims for injury, illness, or death caused by Service on or after the 6 April 2005 are now processed under the Armed Forces Compensation Scheme (AFCS). As such, the number of claimants joining the WPS is expected to reduce further.

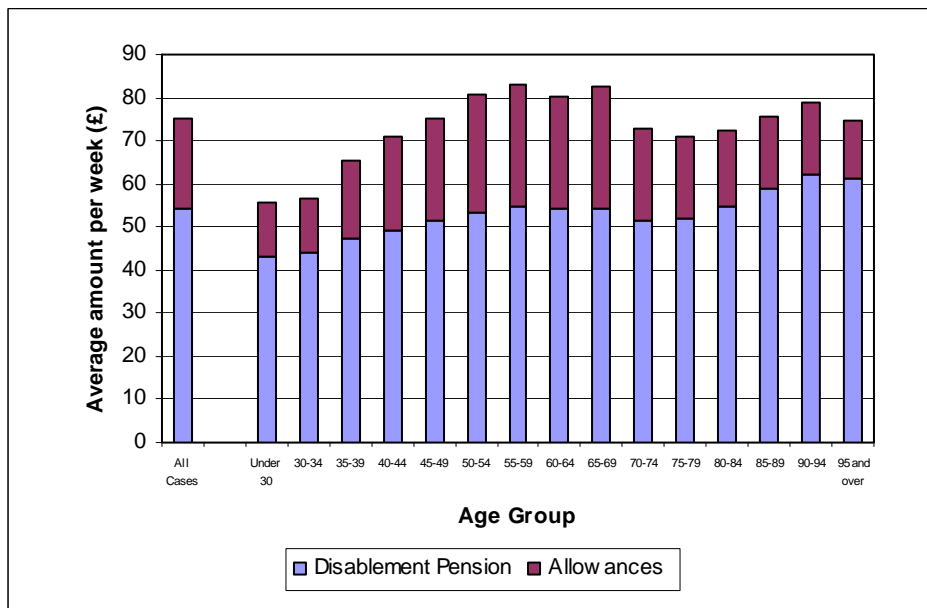

Figure 2: Disablement pensioners at each degree of disablement as at 31 March 2006 and 31 March 2010, percentages

Source Data: Table 1.6

Figure 2 shows that the proportion of DPs at each degree of disablement has remained relatively constant since March 2006, with over 35% receiving pensions for a 20% degree of disablement. As at 31 March 2010, approximately five out of six (85%) DPs received a pension at the 50% degree of disablement or below. Fewer than 4% received a 100% degree of disablement pension.

Figure 3: Disablement pensioners' average weekly pension and allowances as at 31 March 2010, by age group, currency (£)

Source Data: Table 1.7

The average weekly amount received by DPs as at 31 March 2010 was £74.38 (**Figure 3**). Of this, £54.07 was from their disablement pension, whilst £20.31 came from supplementary allowances. The average weekly amount received by a DP at the 100% disablement rate was £320.46.

As at 31 March 2010, DPs aged 90-94 received the highest weekly pension of £62.00, whilst DPs aged 65-69 received the highest weekly supplementary allowance of £27.28. Disablement pensions increased with each age group and then leveled off between the age groups 50-54 and 65-69 with an average weekly pension of £54.10. At age group 70-74 there was a drop in weekly pensions before they began to increase again at 80-84. Similarly, supplementary allowances increased with each age group until the age group 55-59, they then began to decrease at age group 70-74 onwards.

Figure 4: War Widow(er)s' average weekly pension and allowances as at 31 March 2010 by age group, currency (£)

Source Data: Table 1.7

The average weekly amount received by WWs as at 31 March 2010 was £215.54 (**Figure 4**). Of this, £114.59 was from their pension, whilst £100.95 came from supplementary allowances.

As at 31 March 2010 WWs aged 95 and over received the highest average weekly pension amount (£115.83), and WWs aged 85-89 received the highest average weekly supplementary allowances amount (£114.65).

With the exception of higher payments to WWs aged 30-34, WWs pensions increased with each age group and leveled off at age group 50-54 to 95 and over, with an average weekly pension of £114.32. From the age group 30-34, WW average weekly supplementary allowances decrease up until the age group 50-54, before they increase at age group 55-59 onwards.

Figure 5: All supplementary allowances in payment as at 31 March 2010, percentages

Source Data: Table 1.8

Figure 5 shows that the most common supplementary allowances in payment as at 31 March 2010 were DPs and WWs Age Additions, accounting for 40% of all allowances in payment. The next most common allowance was Widow(er)s' Special Allowance, accounting for 18% of all allowances in payment. This is a supplementary pension payable to Widow(er)s of Service personnel who died or left the Services before 31 March 1973, as they would not benefit from the improvements made to the MOD's Armed Forces Pension Scheme after that date.

Figure 6: Successful first claims, second claims, and widow(er)s claims by financial year, 2005-06 to 2009-10, percentages

Source Data: Table 2.2

Figure 6 shows that in the financial year 2009-10, over 70% of first claims resulted in an ongoing war pension or gratuity, 45% of second claims resulted in an increased entitlement or new award, and 51% of war widow(er)s' claims resulted in an ongoing widow(er)s' pension.

Figure 7: Successful entitlement appeals, assessment appeals and allowance appeals by quarter, Q1-2009 to Q1-2010, percentages

Source Data: Table 2.6

Figure 7 shows that the success of appeals have varied over the last five quarters. During Q1-2010, 32% of entitlement appeals (including WWs entitlement appeals) were successful, 42% of assessment appeals resulted in an increased award and 18% of allowance appeals were successful, compared to 34%, 38%, and 22%, respectively, in Q4-2009.

CONVENTIONS

In line with DASA's Rounding Policy to maintain anonymity of claimants, all figures have been rounded to the nearest five (totals may not add due to rounding). Percentages have been rounded to the nearest 1%.

Glossary of pensions and allowances

Age Allowance

This may be paid to a war disablement pensioner (man or woman) who is aged 65 or over and whose disablement is assessed at 40% or more.

Allowance for Lowered Standard of Occupation (ALSO)

This may be paid if a pensioner's earning capacity is reduced because their pensioned disablement permanently prevents them following their regular occupation. To gain entitlement new claimants must be under age 65, with a service disablement of at least 40% when they make their claim. This allowance plus their basic War Disablement Pension cannot exceed the 100% disablement pension rate.

Child Allowance Only

There is a Child Allowance Only Pension in payment, i.e. no award has been given to War Widow(er)s Pension but her child has been awarded.

Clothing Allowance (CLOT)

This may be paid if the disablement causes exceptional wear and tear on clothing.

Comforts Allowance (COMF)

This may be paid to a severely disabled pensioner who is receiving Constant Attendance Allowance or Unemployability Supplement or both. It is intended to help with the extra expenses associated with severe disablement.

Constant Attendance Allowance (CAA)

This may be paid to a pensioner who needs regular personal attention because of their pensioned disablement and that disablement is assessed at 80% or more. It is payable at one of four rates. The rate varies according to the level of attendance they need.

Disablement Pension (DP)

This is paid at a rate which varies according to the degree of disablement. The degree of disablement is assessed on a percentage basis by the War Pension Agency medical advisors.

Elderly Widow(er)'s Age Allowance

A war widow(er) may receive an additional allowance at age 65 which is increased at age 70 and again at age 80.

Exceptionally Severe Disablement Allowance (ESDA)

This may be paid to a pensioner who is receiving Constant Attendance Allowance at one of the two highest rates, or would be receiving it if they were not in hospital.

Funeral Expenses (FE)

Funeral expenses may be paid if the pensioner died as a result of his service disablement, or died while having treatment for that disablement in hospital, or was entitled to Constant Attendance Allowance, or was at the time of his death 80% or more disabled and receiving Unemployability Supplement.

Invalidity Allowance (IVA)

This may be paid to a pensioner receiving Unemployability Supplement. The rate varies according to the age at which unemployability began.

Modified Over Age Infirm Allowance (MOIA)

Compensation/Allowances (including that paid to children living in the Irish Republic or Overseas) due to infirmity are taken into account when calculating an award of OAIA and adjustments are made if necessary. (See OAIA below)

Modified Unemployability Supplement (MSUP)

The basic conditions of eligibility to UNSUPP for a pensioner living abroad (including the Irish Republic and the Channel Islands) are the same as for the UK, however, if they become eligible for Retirement Pension or other benefit payable out of the public funds of that country then UNSUPP may be adjusted with that benefit, or paid at a nominal rate to allow continued payment of comforts allowance.

Orphan's Pension

This may be payable to a child who has lost both parents.

Over Age Infirm Allowance (OAIA)

Over Age Infirm Allowance for children of deceased pensioners unable to support themselves dates back to the 1914 War. The allowance can be awarded or continued beyond the normal age limits on the grounds of infirmity if the ailment is of a nature which is likely to prevent the person from earning a living either permanently or for a prolonged period and infirmity commenced before age 16. The person is still referred to as a child even though they may be quite elderly.

Rent Allowance (RENT)

A war widow(er) with a child or children may be eligible for a rent allowance.

Severe Disablement Occupational Allowance (SDOA)

This may be paid to a pensioner who is entitled to Constant Attendance Allowance at one of the two highest rates, but who still normally has a gainful occupation.

Temporary Allowance for Widow(er)s (TAW)

This may be paid to a widow(er), irrespective of the cause of their spouse's death, if he/she were awarded Unemployability Supplement or Constant Attendance Allowance or both. The allowance is approximately equal to the disablement pension and allowances paid to their late spouse. It is paid for the first 26 weeks of widowhood.

Treatment Allowance (TA)

This is equivalent to a disablement pension paid at the 100% rate. It may be paid instead of a disablement pension to a pensioner who incurs a loss of earnings as a result of receiving treatment for their pensioned disablement.

Unemployability Supplement (UNSUPP)

This may be paid to a pensioner who is unemployable or virtually unemployable as a result of the war pensioned disablement. To gain entitlement, new claimants must be under age 65, with a pensioned disablement assessed at 60% or more when they make their claim. Additional allowances may be paid for a spouse and a child or children.

War Pensioner's Mobility Supplement (WPMS)

This is intended to help with the mobility costs of a pensioner who is unable to walk, or virtually unable to walk. New claimants must have a service disablement of at least 40%. It is paid to double amputees and to those pensioners who need help getting about because they are both deaf and blind as a result of their pensioned disablement.

War Widow(er)'s Pension (WWP)

The standard rate of pension may be paid if the widow(er) has a dependant child, or is over 40, or is incapable of self-support.

The lower rate is paid to childless widow(er)s under the age of 40. If the spouse was receiving Constant Attendance Allowance, or at the time of his/her death was 80% or more disabled and receiving Unemployability Supplement, a War Widow(er)s Pension is awarded automatically irrespective of the cause of death.

War Widow(er)'s Special Allowance

This is a Supplementary Pension payable to "pre-1973 war widow(er)s" (the widow(er)s of Service personnel who died or left the services before 31st March 1973, and who did not benefit from the improvements made from that date to the MOD's Armed Forces Pension Scheme).

Eligible War Pension Claimant

A claimant is eligible for consideration under the WPS where disablement or death has occurred as a result of Service in HM Forces, prior to 6 April 2005. In addition, awards may also be made where disablement or death has occurred as a result of:

- War-time Service in the Naval Auxiliary Service, or the Mercantile Marine
- Service in the Polish Forces under British command during World War Two

Pensions, allowances or other payments may also be awarded where the disablement or death of a civilian or a member of a civil defence organisation is the direct result of an injury sustained as a result of enemy action in World War Two.

From 8 April 2002 a change in the law governing the War Pensions Scheme means that the provisions for war widowers have been equalised to align with those available to war widows. This change in the war pension law applies from the 8 April 2002 onwards and means that war widowers are now entitled, as appropriate, to the same basic pension, supplementary pension and allowances (e.g. in respect of any dependant children) as war widows. In particular, the means-testing element previously applied to war widowers' claims and pensions has been removed.

Appendix – Changes to the publication

Due to improvements in data processing, some tables within the publication have been updated. As such, figures may be different to those previously published.

The table below documents these changes and the revisions made, where applicable.

Publication in which revision was made	Number of Revised Table	Reason for Revision	Period for which Revisions have been Published
June 2008	1.5	Previously unidentified codes have been re-classified, therefore reducing the number of cases with a 'Not Known' Government Office Region, and increasing the numbers in Wales, Scotland, Northern Ireland, Other UK and creating the 'UK Unknown' Category.	March 2003 – March 2008
September 2008	1.7	More accurate means of calculating the average amounts paid have been implemented, therefore slightly increasing previously published figures for average amounts received by War Widow(er)s.	March 2007 – June 2008

Revisions can be found by going to <http://www.dasa.mod.uk> and clicking on 'National Statistic Publications' then 'War Pension Statistics' and 'Historical'.

Revisions prior to March 2007 are available upon request to dasa-info@dasa-office@mod.uk
