Notes:

- (1) - Decision quality is measured against a set of specific criteria agreed with UNHCR as constituting the minimum standards required for a decision to be considered good quality.
- (2) - Volume of First Instance Substantive Asylum Decisions sampled
- (3) - Out of the total First Instance Substantive Asylum Decisions
- (4) - Average score of those sampled

All figures quoted are management information which have been subject to internal quality checks. The numbers may differ from figures released as National Statistics in the Home Office Immigration Statistics as they are drawn from different snapshots of the UK Border Agency
