1) The totals for those starting Community Orders and Suspended Sentence Orders for the earliest quarter are different to those published previously and as shown in other tables in this bulletin. This is because this is a new table, and the reproduction of published figures for this period has not been possible due to subsequent ongoing changes to the underlying probation probation starts database.

Data Sources and Quality

These figures have been drawn from administrative IT systems which, as with any large scale recording system, are subject to possible errors with data entry and processing.
