This, this did go through our Dept of Legal Services and they have no objection.

I'll get back to you later today re the remainder.

I will be keen to adopt any process that minimises delay.

**Importance:** High

<redacted>

I'm just about ready to go on the submission, subject to a couple of minor but important points from my legal advisors.

I recognise that this may require checking back with TfL, yet I do hope this will not cause them great concern. I know we have an issue with the availability of an electronic document, so if it eases the passage I can arrange for the amendments to be made at my end with the aim of getting this to the Home Secretary either Wednesday or on Thursday morning this week.

Thanks in anticipation

Thanks for checking. Scanning at my end sounds like the best option.

<redacted>unfortunately my last line of inquiry exhausted itself yesterday when I tried the printers to see if they still had a copy. We have all been through our files as well but with no joy. We have earlier electronic draft versions, but there have been changes. How difficult is it for you to scan your hard copy in? If not possible and the need is still great, then I will go back to the drafts and compare and change against final hard copy, hopefully ending up with the same version.

Thanks for this. Have you had any joy in tracking down an electronic copy of the S28 Certificate?

Kind regards

See below for the figures you require:

Hopefully we have the electronic copy for you early next week, but proving difficult to find at moment.

Have a good weekend.

Much obliged to you. My next draft of the sub is being circulated for comment, and let's speak Monday or Tuesday to get the final finessing of the detail.

Kind regards

Immediate reply to what can be answered now . . .

Flowchart query - this reflects the current situation with regards to what can be shared from TfL, and is a contractual restriction. However, <redacted> has a plan to overcome this and we intend to implement this in the near future. It may be that before you go to press on this, you could check in with us to see whether the situation has changed. <redacted>

Progress on other queries:

TfL Cam Numbers - I am about to send an email to TfL to ask this question.

Electronic Copy of S.28 - looking for one now.

If we don't get back to you today, then hopefully early next week.

Regards,

Many thanks to you, and rest of the team for your hospitality and wisdom this morning. This has been really helpful in me being able to finalise advice for the Home Secretary on the S28 Certificate request.

I have a couple of other small points to put the icing on the cake:

- <redacted>
- <redacted>

Finally, is there any chance of getting an electronic copy of the draft S28 Certificate?

Thanks in anticipation

Kind regards
