

Probation Service Workforce Information Summary Report Quarter 4 2012/13 SUPPLEMENTARY NOTES

General Notes

- This report covers Quarter 4 of the 2012/13 Financial Year and has not previously been published.
- The information within the report was provided by the probation trusts and is subject to the expected level of inaccuracy inherent in any large-scale administrative system.
- There was a change in the methodology of reporting probation staff in post in July 2012. The Probation Service Workforce Information Summary reports now provide detailed information on the number of staff employed and funded by the probation trusts; with a separate section that summarises the number of staff employed by the probation trusts but are funded by external organisations (e.g. HMPS, NOMS etc.). The figures provided within the tables in the reports since Q2 2012/13 are therefore not comparable with figures included in reports prior to Q2 2012/13.

Data

- The data within the report represents a snap-shot of staff in post at 31st March 2013.
- It should be noted that some of the quarterly decrease in funded staff in post reported by West Yorkshire is a result of a local review of the staff they report as being funded; having received clarification on the funding arrangements of certain seconded staff.
- Any changes in an employee's contracted hours between quarters will affect their FTE. This would explain any additional increase or decrease in staff in post once starters and leavers have been taken account of.
- Under the Probation Qualifications Framework (PQF), current probation employees have the ability to train to become Probation Officers, should they meet the set criteria. For the purposes of this report, those staff who are undertaking PQF training have been reported as being in their substantive role.
- The probation trusts have the ability to resubmit historical data which may result in occasional variations in subsequent reports.

Terminology

The main terminology used within this report is defined as follows: -

- **FTE** – Full Time Equivalent. An expression of the amount of time worked by an individual proportionate to a full time standard contract. Values less than 1 indicate a part time employee and due to the nature of some probation work, it is possible for employees to have an FTE higher than 1.
- **Headcount** – The number of people employed irrespective of the number of hours worked.
- **Function** – The Area of work the member of staff is employed in (i.e. Offender Management, Interventions, Other Agency/Services & Corporate Services).

Further Information
