for info)  
Quite a timely meeting.  
Could you arrange for this briefing please. I suggest that we include basic background brief; remind him that he is meeting us to discuss options on [date – I'll prompt PO]; and listening mode – specifically interested in how the implementation could be less burdensome and also fair.  
Thanks

**Importance:** High

All,

Greg Barker is meeting with of CBI next Thursday and CBI has sent in the attached letter that will form the basis of the discussion. Last month some of you provided me with briefing for a meeting between SoS and CBI and many of the issues are similar to those they raised with Chris Huhne. Please could you provide me with updated briefing (lines to take and background) on the following areas **by midday Tuesday 6<sup>th</sup> July**

DECC's contribution to £6.2bn cuts –

Household and business energy efficiency –  
Investment –  
Emissions Performance Standard –  
Carbon Price floor –  
20>30% and broadening EU debate –  
CRC –

I attach the briefing pack that I put together for Chris Huhne's meeting and a readout of the meeting for reference.

Thanks,

RE: SoS
