¹The figures provided were collected from the probation areas/trusts via HR Data Warehouse, which is subject to the expected level of inaccuracy inherent in any large-scale administrative system. The probation areas/trusts have the ability to resubmit historical data which may result in occasional variations in subsequent reports. Please note the following issues relating to the data provided:

- 1) Cheshire were unable to submit data to the HR Data Warehouse for April 2009 through to February 2010 due to local technical issues and therefore March 2010 data is the only data provided for Cheshire in this report.
- 2) Sussex were unable to submit H&S data to the HR Data Warehouse for April through to December 2009 due to local staffing issues.
- 3) Due to the nature of some accidents/incidents in FY 2009/10, both Lincolnshire and West Mercia were unable to assign the appropriate severity levels and therefore these have been classed as 'not recorded' in the report.
- 4) Information on accidents/incidents at severity levels 5 and 6 in North Yorkshire is not provided in the report as they only provide information on severity levels 1 - 4 accidents/incidents.
