IA No. and/or RTC theme	Lead Dept	Title of Measure	Effect of the Measure	Coming into force	Regulatory / Deregulatory	OITO	RTC	EU
Medicines	DH	Programme to assess balance between medicines regulation and Professional Regulation	We have identified the need to look at the balance between professional regulation and standards and medicines legislation in safeguarding the public in relation to healthcare professionals' use of medicines. We will explore the respective roles of professional regulation and medicines regulation and whether there may be scope in some areas to rely more on professional standards rather than detailed medicines regulation.	01/12/2014	Dereg		Improve
