Planned changes - management information covering legal aid Exceptional Case Funding

Introduction

1. This note is to advise users of the intention to publish management information relating to Exceptional Case Funding (ECF) applications and determinations in England and Wales.

Summary

2. Official Statistics relating to ECF are currently published in the regular Legal Aid Statistics bulletin. This note is to advise users that information relating to ECF applications and determinations for the period from 1 April to 30 June 2014 will be released early as management information. This is in order to comply with a court order made during an ongoing judicial review.
3. The order directs the Legal Aid Agency to disclose to the court statistical data for this period by 31 August 2014. This information will therefore be published on Thursday 28 August 2014.
4. Although this data is quality-checked and compiled in the same way as the official statistics on ECF, the official statistics are more complete. This is because they are published later, which means a greater proportion of cases have been determined at the time of publication.
