

<b>The Maltings College, Halifax, Impact Assessment</b>				
<b>School name</b>	<b>School type</b>	<b>Attainment in 2011/12 APS per student including equivalences</b>	<b>Ofsted grade</b>	<b>Impact rating</b>
Hipperholme & Highcliffe Academy	11-18	801.	Good	Minimal. The free school is unlikely to affect the long term financial viability of the school as it is oversubscribed at post- 16
North Halifax Grammar School	11-18	834	Outstanding	Minimal. The free school is unlikely to affect the long term financial viability of the school as this is a grammar school and The Maltings College is offering vocational courses.
Sowerby Bridge High School	11-18	704	Requires improvement	Moderate. Relatively low attainment and the school requires improvement. The school may lose some pupils but should still be able to fill most of its places. There may be some impact on the school's overall attainment, viability and ability to improve.
Trinity Academy Halifax (formerly Holy trinity senior School)	11-19	726	n/a opened 2010 but 2012 monitoring report is positive	Moderate. Relatively low attainment. The school may lose some pupils but should still be able to fill most of its places. There may be some impact on the school's overall attainment, viability and ability to improve.
St Catherine Catholic High School	11-18	n/a	Notice to improve/inadequate	Minimal. As the school due to close in 2013
The Crossley Heath School	11-18	1044	Outstanding	Minimal. The free school is unlikely to affect the long term financial viability of the school as it offers minimal vocational provision.
Ryburn Valley high school	11-18	820	Inadequate	Minimal. The free school is unlikely to affect the long term financial viability of the school as it provides limited vocational education.
Queensbury	11-18	668	Satisfactory	Moderate. Relatively low

School (Bradford)				attainment. The school may lose some pupils but should still be able to fill most of its places from students from Bradford. There may be some impact on the school's overall attainment, viability and ability to improve.
Calderdale College	FE college with HE	577	Good	Moderate. The College is a major competitor and is likely to lose some students to the free school. However it is a large provider with about 1500 16-18 year-olds who comprise half its intake. It also offers HE. There may be some impact on the college's overall attainment, viability and ability to improve.
Huddersfield college	FE college	687	Good	Moderate. Fewer students from Calderdale now appear to be going to out of district schools and colleges. As the majority of its students are 16-18 there may be some impact on the college's overall attainment, viability and ability to improve.
Bradford College	FE college	455	Good	Minimal. The free school is unlikely to affect the long term financial viability of the college as most of its intake is from Bradford
Kirklees College	FE with HE	588	Inadequate	Minimal. The free school is unlikely to affect the long term financial viability of the college as most of its intake is from Kirklees.
Greenhead College	16-19	1038	Outstanding.	Minimal. The free school is unlikely to affect the long term financial viability of the college as it has minimal vocational provision.
Leeds City College	16 college with HE	602	Good	Minimal. The free school is unlikely to affect the long term financial viability of the college as most of its students

				come from Leeds.
Leeds College of Building	FE	733	Good	Minimal. The free school is unlikely to affect the long term financial viability of the college as most of its students come from Leeds.
