

## Annex B: Impact Assessment (standard) – Connell Sixth Form College

School/College name	School/College type	Capacity (No. of learners for colleges)	Attainment in 2010/11 (5 x GCSE A* - C/Ave. points per student)	Ofsted grade	Impact rating
The East Manchester Academy	11-19 Academy Sponsor Led	1,020	n/a	n/a	Minimal. This is a new school building up from year 7 in 2010 with no post-16 students currently. Its planned area of expertise post-16 is in the more technical aspects of construction such as quantity surveying. It is unlikely that there will be much crossover with Connell's predominantly traditional academic subjects. The free school is unlikely to affect the long term viability of the school.
Manchester Communication Academy	11-19 Academy Sponsor Led	1,320	n/a	n/a	Minimal. This is a new school building up from year 7 in 2010 with currently no post-16 students. Post-16 courses will be mainly focussed on subjects linked with communications. The free school is unlikely to affect the long term viability of the school.
Manchester Academy	11-18 Academy Sponsor Led	1,150	48%	Outstanding	Minimal. As an Ofsted outstanding school it is unlikely to feel any impact from the opening of Connell. The free school is unlikely to affect the long term viability of the school.
Manchester Creative and Media Academy for Girls	11-19 Academy Sponsor Led	960	37%	n/a	Minimal. Connell will be co-educational and so any effect on this school will be reduced as approximately half of Connell's students will be boys. Only four of its 8 post-16 courses are academic. The free school is unlikely to affect the long term viability of the school.
Xaverian College (Roman Catholic)	Sixth Form College (16-19)	1,844	724.9	Outstanding	Minimal. Xaverian is a large sixth form college. Given its relatively good performance levels and outstanding Ofsted rating it is unlikely to lose too many students to Connell. The free school is unlikely to affect the long term viability of the college.

The Cooperative College	Further Education (16+)	n/a	n/a	n/a	Minimal. The free school is unlikely to affect the long term viability of the college.
The Manchester College	Further Education (16+)	7,132	575.4	Satisfactory	Minimal. The Manchester College has three sites in east Manchester but none of them offer A levels. The free school is unlikely to affect the long term viability of the college.
Loreto College (Roman Catholic)	Sixth Form College (16-19)	2,168	773.5	Outstanding	Minimal. The free school is unlikely to affect the long term viability of the college.
Trafford College	Further Education (16+)	2,887	571.1	Outstanding	Minimal. The free school is unlikely to affect the long term viability of the college.
Tameside College	Further Education (16+)	2,404	583.9	Good	Minimal. The free school is unlikely to affect the long term viability of the college.
Salford City College	Further Education (16+)	5,566	686.3	Good	Minimal. The free school is unlikely to affect the long term viability of the college.
Ashton-under-Lyne Sixth Form College	Sixth Form College (16-19)	2,025	757.9	Good	Minimal. The free school is unlikely to affect the long term viability of the college.
