re.government consultation pub companies.i am a tenant with punch and write re; the subject.i have been i the trade 30 yrs and opportunities have never been so good if you do your groundwork properly with the appropriate companies.my bdm was most helpful in sorting out the best rent and price discount available to me.i have found the biggest drawbacks are rising fuel costs vat and ridiculous business rates.the goverment killed the trade with the smoking ban ad changing hrs resulting in people going out later and no social skills.bring back smoking pubs and remove cheap beer from the supermarkets.funny how liver disease as gone up 5 times now landlords dont have as much influence on drinking cultures.

yours sincerely
