

Dear Sir/madam,

I feel compelled to write to you having heard that there is to be a further consultation into the pul co tenant relationship with the intention of introducing further legislation that will undoubtedly damage my business. At present I am a very satisfied tenant of Admiral Taverns who have benefited from an

at the . I have a sustainable rent, and am looking forward to organic growth with the help of Admiral Taverns and my BDM.

I have been in the pul trade in excess of years and I am very happy with the relationship I have with Admiral Taverns. I could not have afforded to operate the as a free hold premises. Their assistance and advice have at times been invaluable to me. I would be more than happy to recommend Admiral Taverns to any future would be tenant.

I am writing this letter because I am very happy

with my relationships with Admiral Tervors, and
feel it is important that you hear from a happy
tenant as opposed to listening to the vocal
minority who seem to get all the headlines
and have an axe to grind. I trust you will
take my views into consideration.

yours Smeesley
