Subject: Pubco Tenanted Tied model with Enterprise Inns

Dear Sir/Madam,

I am the tenant at The _____ and I am writing to give feedback about Enterprise Inns. We have a Beacon tenancy which had had a minimal in going cost which was a good option for us as our capital was tied up in another premises.

The level of support we have had is amazing, from the beacon tied package to financial support in our first months of trading.

We had worried that we would have struggled in our first two months of trading as it was in January and February but the support we had from Enterprise helped us through, something that would not have worked for us if we were a free of tie tenancy.

If you should need anymore information I would be more than happy to help.

Yours .
