

10th June 2013

Hi, just a few things I would like to put forward, I've been in the licensing trade for over 10 years and Punch Taverns have looked after us 100%. When times have been hard they helped us in every way giving us support with credit, cash flow support, gave us a rent concession, free stock and recently given us a second pub with a massive investment.

I must also say that our business manager [redacted] from Punch Taverns and the pubs local M.P have worked with us dearly to carry on running our successful business we could not have done this without their support and much needed help. So it just goes to show all pub co.s are not as bad as they make them out to be [redacted] regards
