to whom this may concern,

I'm a new publican who has nothing but good things to say about enterprise inns and they're business model,

I received a lot of help and support and without they're help my business would not have got off the ground.

I agree that there needs to be a level playing field for all brewery's/pubco's and publicans but it would be better if it was in the form of a tax break or something similar.

stopping ties would lead to rent increase's and other charges being implemented.

the help for publicans needs to come from somewhere else other than damaging relationships between brewery's and publicans.

yours
