Subject: My Experience

Dear Sir/Madam

I would just like to share my experience of taking over a tenancy with enterprise. I decided last year that I would like to change careers and decided I would like to take over a public house.

I got in touch with enterprise who offered me a chance of entering into a tenancy model with themselves

I was able to afford to follow my new venture and In . of last year I took over the
on ` that wasn't doing very well in this current climate.

Since then I have built the business up and have made good profits, and brought life back into the pub. If it was not for enterprises help I would not have finically been able to achive this.

Your sincerely
