Subject: Testimonial in flavour of pubco,s

I have been a punch partner since 2009 I have worked alongside 3 PDMs and received a excellent standard of support from each 1. my current PDM has helped me build my business and I have been able to turn a once rough local community pub into a family friendly community hub where families can eat drink and relax in our spacious garden, I believe that ambition is a key part of success, although success means a huge amount of hard work, been a tenant or lease holder with punch taverns gives you the opportunity to experiment with ideas that you maybe wouldn't dare do alone with punch the support is there, pubs need to be the way they were ten years ago but in order to do that tenants and lease holders must work with pubcos to be a success. In my experience punch taverns have enabled me to be, not only a upstanding member of the community But a successful businessman.

I walked into my current pub with £500 and a vision... The vision is now reality

Regards
