

# Highways Agency Performance Specification 2013-14 – Scoping Document

Field	Notes
<b>Short Title</b>	Route Based Strategies (Stage 2).
<b>Performance Specification Reference</b>	Output 1 – PS 2.3b
<b>Requirement / Output Details</b>	The network operator should deliver the agreed programme of Route Based Strategies (RBS) across the Strategic Road Network by March 2015.
<b>Scope</b>	Following the evidence gathering exercise of Stage 1 the outcomes will be subject to a national prioritisation review. Stage 2 is the solution development stage and will investigate potential solutions and develop proposals in the form of a business case justification, to address the prioritised challenges. Outputs from Stage 2 will inform the future Road Investment Strategy (RIS).
<b>Rationale</b>	The Route Based Strategies will ensure future plans are considered with reference to local economic and development aspirations. Stage 2 will ensure that national priorities are identified, upon which solutions will be developed to inform the future Road Investment Strategy.
<b>Proposed Deliverables (with Associated Completion Dates)</b>	Prioritisation: March 2014. Stage 2: solution development, evidence for investment strategy – March 2015.
