# Introduction and explanatory notes

This is the Corporate Hospitality Register (the Register) for all corporate hospitality received by employees of the Olympic Delivery Authority (ODA) for the third quarter of 2014, from the beginning of July to the end of September.

The Nolan Committee in its report on Standard in Public Life recommended that a central register of offers of hospitality to public servants should be kept. The ODA keeps such a register and all employees have to declare any hospitality offered (whether accepted or declined).

The ODA understands that it is important, given the high profile nature of the London 2012 Olympic and Paralympic Games (the Games), as well as the amount of public funding that went into the Games, that as an organisation we are open and transparent in our dealings with industry, as well as the public.

It is for this reason that the Register is being published.

The Register includes a list of all hospitality received by senior members of staff, the relevant date, and the name of the hospitality provider as well as a short description of the event. All Board members' hospitality (relevant to their position at the ODA) is also published.

The Register is divided alphabetically by department with the senior member in charge of that department heading the table. The table concludes with the summary of corporate hospitality accepted by the non-senior members of that department.

The ODA believes that by publishing the Register in this way it provides a reasonable balance between the official capacity in which the ODA acts and our privacy and data protection concerns (particularly in respect of staff who do not occupy senior management roles).

Given the nature of the project, as well as the time scale to which we are working it is vital to foster good working relationships quickly within the ODA, as well as between the ODA and the various contractors, stakeholders and other interested parties. Good relationships are a key ingredient, in a project of this scale, for the efficient and timely completion of all projects and tasks. One way of fostering these relationships is through various forms of hospitality both provided by, as well as, offered to the ODA. We could not, as an organisation, have afforded to miss opportunities which could have enhanced the delivery of the Games and it would not have been in the public interest to do so. We have however, carefully considered the appropriateness of accepting any hospitality and would not have accepted any form of hospitality from a prospective contractor or supplier in any active tender situation.

The ODA is currently in the post Games phase of the project and is scheduled to dissolve as an organisation in 2014. As a result the number of ODA staff is consistently decreasing as projects are being completed. This will be reflected in the number of hospitality requests received and accepted by the ODA going forward.

**Frequency of publication**

The ODA publishes the Register quarterly in January, April, July and October.

**Only hospitality received**

We would also like to make clear that this Register only contains corporate hospitality which has been accepted by members of the ODA staff. It does not provide for those instances where hospitality was offered but not accepted but we have listed the number of offers declined.

**Hospitality declined**

For the time period of this report, 1<sup>st</sup> July 2014 up to and including 30<sup>th</sup> September 2014, a total of 7 corporate hospitality events were offered to all ODA employees. Four of these offers of corporate hospitality were accepted whilst 3 of them were declined.

**Personal data**

Against the entries for the Board Members, Directors, Heads of Department and project sponsors, where the provider of the corporate hospitality was an individual, their name has been redacted as this is personal information which we do not believe we can justifiably release in terms of the Data Protection Act of 1998.

# Board Members

## **Sir John Armitt**

No hospitality was accepted by Sir John Armitt during the review period.

## **Lorraine Baldry**

No hospitality was accepted by Lorraine Baldry during the review period.

## **Neale Coleman**

No hospitality was accepted by Neale Coleman during the review period.

## **David Fison**

No hospitality was accepted by David Fison during the review period.

## **Christopher Garnett**

No hospitality was accepted by Christopher Garnett during the review period.

## **Sir Roy McNulty**

No hospitality was accepted by Sir Roy McNulty during the review period.
