

**FOI Release**  
***Information released under the Freedom of Information Act***

**Title:** 2009 Car Scrappage Scheme

**Date of release:** 17 September 2014

**Information request**

A breakdown by manufacturer and model of all vehicles traded in under the 2009 Scrappage Scheme.

**Information released**

The information we hold is available in the spreadsheet attached, which lists the old vehicle make and model and the number of claims submitted against each under the Vehicle Scrappage Scheme (VSS). Please note that the information contained in this spreadsheet was recorded exactly as it was supplied to us by the manufacturers, hence there is a degree of variability in the way the make and model of the car being scrapped has been described.
