

Annex B: Impact Assessment (Standard) PARK COMMUNITY SCHOOL

We have looked at 6 primary schools within a 0.7 mile radius of the permanent site for Park Community School. We have concluded that the free school will not have a high impact on any of these and only a moderate impact on two and a minimal impact on four.

School Name	School Type	Capacity	KS2 2013 % achieving level 4 or above in reading, writing, mathematics (national average 76% Merton 78%)	Ofsted grade	Impact Rating
Merton Park Primary School	Community School (3-11)	206	Above Average 81%	Good	Minimal – this school is 0.4 miles away.
Merton Abbey Primary School	Community School (3-11)	264	Above Average 81%	Good	Moderate – this school is 0.4 miles away, has 15% surplus places in reception but above average results and a good Ofsted rating. PCS is a faith designated school so could attract pupils on this basis and is likely to moderately impact on the financial viability of this school.
Poplar Primary School	Community School (3-11)	446	Above Average 79%	Good	Minimal - this school is 0.5 miles away.
Haslemere Primary School	Community School (3-11)	420	Average 75%	Good	Minimal – this school is 0.5 miles away.
Pelham Primary School	Community School	240	Below Average 66%	Good	Moderate – this school is 0.6 miles away and KS2 results are below average. The new free school could attract some pupils away from Pelham and therefore we conclude that it is likely to moderately impact the financial viability of Pelham.
St Mary's Catholic Primary School	Voluntary Aided Faith School	267	Well Above Average 93%	Outstanding	Minimal – this school is 0.7 miles away

We have looked at 4 primary schools within a 1 mile radius of the temporary site for Park Community School. We have concluded that there will be a moderate impact on three of these schools and a minimal impact on one.

School Name	School Type	Capacity	KS2 2013 % achieving level 4 or above in reading, writing, mathematics (national average 76% Merton 78%)	Ofsted grade	Impact Rating
Abbotsbury Primary School	Community School	446	Below Average 70%	Good (June 2013)	Moderate : this school is 0.4 miles away and has a good Ofsted rating but KS2 performance is 6% below the national average. The new free school could attract pupils away from Abbotsbury and we therefore conclude that it is likely to moderately impact the financial viability of this school.
Hillcross Primary School	Community School	480	Above Average 84%	Good (April 2014)	Moderate : this school is 0.6 miles away, has above average KS2 results and has an Ofsted rating of Good. The new free school could attract pupils away from Hillcross and we therefore conclude that it is likely to moderately impact the financial viability of this school.
Morden Primary School	Community School	203	Average 76%	Good (March 2014)	Minimal – this school is 0.6 miles away.
Joseph Hood Primary School	Community School	300	Well Below Average 64%	Good (February 2013)	Moderate – this school is 0.8 miles away and has a Good Ofsted rating. However KS2 results are well below average and the school has 16 unfilled entry level places in 2012/13. The new free school could attract pupils away from Joseph Hood and we therefore conclude that it is likely to moderately impact the financial viability of this school.
