Claims issues at the PCC between in 2011, 2010 and 2009 with a monthly breakdown.

Information released:

The Intellectual Property Office does not hold this information. The details of past trials should be available on the Courts website and the judgements on the bailli website, but we don't know if those records would include claims issues.

We only have data for 2007-2008, which we gathered from court records.
