Dear

**REQUEST FOR INFORMATION: COMMUNICATIONS BETWEEN DEFRA AND THE NATIONAL FARMERS' UNION OR ANGLING TRUST ABOUT THE CONTROL OR MONITORING OF INVASIVE SPECIES IN DEVON**

Thank you for your request, which we received on 22 May, for information about details of any meetings, communications or agreements between Defra, or its staff or consultants, and members or representatives of the National Farmers' Union or the Angling Trust with respect to the control or monitoring of invasive species in Devon; and information held on meetings, discussions or communications with these organisations or representatives of the same related to beavers in the United Kingdom. We are handling your request under the Environmental Information Regulations 2004 (EIRs).

The EIRs apply to requests for environmental information, which is a broad category of information defined in regulation 2 of the EIRs. Public authorities are required to handle requests for environmental information under the EIRs. They give similar access rights to the Freedom of Information Act 2000 (FOIA).

I recently wrote to extending the deadline for this request.

I now enclose a copy of the information you requested:

- Letter of 20 May 2014 from the Angling Trust to Owen Paterson;
- Letter of 26 June 2014 from Lord de Mauley to the Angling Trust.

In keeping with the spirit and effect of the EIRs, and in keeping with the government's Transparency Agenda, all information is assumed to be releasable to the public unless exempt. Therefore, the information released to you will now be published on [www.gov.uk](http://www.gov.uk) together with any related information that will provide a key to its wider context. Please note that this will not include your personal data.

I attach Annex A, which explains the copyright that applies to the information being released to you.

I also attach Annex B giving contact details should you be unhappy with the service you have received.

If you have any queries about this letter, please contact me.

Yours

**Protected and Non-native Species Policy Team**
