

## Funding to the International Citizens Service scheme

***“I wish to make a Freedom of Information request in regard to the funding given to the International Citizens Service scheme by the Department for International Development. I’m currently undertaking independent research into the ways in which funding for a Government funded scheme could be failing to meet the expected needs. I have heard mentioned that for each volunteer sent abroad (on the ICS programme), the partnered organisation will receive £5,000 funding, I wanted to verify if this was correct.”***

Partner organisations do not receive a set payment of £5,000 for hosting volunteers under the International Citizens Service Scheme.

You can find full details of the International Citizens Service scheme on the [Inside Government](#) website and on the [Development Tracker](#).
