

## Annex A: Impact Assessment for Meridian Angle Primary

We have looked at primary schools within a 1 mile radius from the permanent site of Meridian Angel Primary (11). We have concluded that the impact this school will have on other schools will be minimal and short lived.

School Name	School Type	Capacity	KS2 2013 (% achieving level 4 or above in Reading, Writing, Mathematics)  (LA and national average 76%)	Ofsted Grade	Impact Rating
Raynham Primary School	Community (3-11 age range)	675	87% - above LA and national average	Good	<b>Minimal</b> – this school is 0.3 miles away from the free school. There are no surplus places at this school and any loss of pupils is unlikely to have affected the long term viability of the school in the context of its current Ofsted grading and severe basic need in the area
Brettenham Primary School	Community (3-11 age range)	420	59% - well below LA and national average	Good	<b>Minimal</b> – this school is 0.5 miles away from the free school. There are no surplus places at this school at point of entry and any loss of pupils is unlikely to have affected the long term viability of the school in the context of its current Ofsted grading and severe basic need in the area.
Fleecefield Primary School	Community (3-11 age range)	431	79% - above LA and	Good	<b>Minimal</b> – this school is 0.5 miles away from the free school. There are no surplus places at this school at

	range)		national average		point of entry and any loss of pupils is unlikely to have affected the long term viability of the school in the context of its current Ofsted grading and severe basic need in the area.
St John and St James CofE Primary School	Voluntary Aided (3-11 age range)	330	68% - below LA and national average	Requires Improvement	<b>Moderate</b> - this school is 0.6 miles away from the free school and has the same faith/ethos. There are surplus places at this school at point of entry and the school is likely to have loss of pupils to the free school in the context of its current Ofsted grading. However, this loss will be short term as there is severe basic need in the area.
Lea Valley Primary School	Community (3-11 age range)	420	66% - below LA and national average	Good	<b>Minimal</b> – this school is 0.6 miles from the free school and has a very small surplus of places at point of entry. However, any loss of pupils is unlikely to have affected the long term viability of the school in the context of its current Ofsted grading and severe basic need in the area.
St Paul's and All Hallows CofE Junior School	Academy Converter (7-11 age range)	240	69% - below LA and national average	Good	<b>Minimal</b> - this school is 0.7 miles from the free school and has the same faith/ethos. There is a small surplus of places at point of entry. However, any loss of pupils is unlikely to have affected the long term viability of the school in the context of its current Ofsted grading and severe basic need in the area.
St Paul's and All Hallows CofE Infant School	Academy Converter (3-7 age range)	180	No KS2 data (Infant school)	Good	<b>Minimal</b> – This school is 0.7 miles from the free school and has the same faith/ethos. There are no surplus places at this school at point of entry and any loss of pupils is unlikely to have affected the long term viability of the school in the context of its current Ofsted grading and severe basic need in the area.

St Francis de Sales RC Infant School	Voluntary Aided (3-7 age range)	270	No KS2 data (Infant school)	Good	<b>Minimal</b> – This school is 0.9 miles from the free school. There are no surplus places at this school at point of entry and any loss of pupils is unlikely to have affected the long term viability of the school in the context of its current Ofsted grading and severe basic need in the area.
St Francis de Sales RC Junior School	Voluntary Aided (7-11 age range)	360	78% - above LA and national average	Requires Improvement	<b>Minimal</b> - This school is 0.9 miles from the free school. There are no surplus places at this school at point of entry and any loss of pupils is unlikely to have affected the long term viability of the school in the context the severe basic need in the area.
Harris Primary Academy Coleraine Park	Academy Sponsor Led (4-11 age range)	420	70% - below LA and national average	No Ofsted grade	<b>Minimal</b> - This school is 0.9 miles from the free school. This is a recently opened sponsored academy, formerly known as Coleraine Park Primary School. We do not have any attainment data or Ofsted report on this school but the data provided is for the predecessor school. The surplus of school places and below average results suggests that the Free School may have some impact on this school. However, given the proven track record of the academy sponsor, any loss of pupils to the free school is unlikely to have affected the long term viability of the school in the context the severe basic need in the area.
Lancasterian Primary School	Community (3-11 age range)	435	82% - above LA and national average	Good	<b>Minimal</b> - This school is 1 mile from the free school. There are surplus places at this school at point of entry and any loss of pupils is unlikely to have affected the long term viability of the school in the context of its current Ofsted grading and severe basic need in the

					area.
