

Surrender notice with introductory note

The Environmental Permitting (England & Wales) Regulations 2010

Hydrodec (UK) Limited
Blaydon Transfer Station
Factory Road
Blaydon-on-Tyne
Tyne and Wear
NE21 5SD

Surrender application number

EPR/SP3030EX/S003

Permit number

EPR/SP3030EX

Blaydon Transfer Station

Permit number EPR/SP3030EX

Introductory note

This introductory note does not form a part of the notice.

The following notice gives notice of the surrender in part of an environmental permit.

In 2012, the Permit was varied to modify and extend the operations at the site. Tanks which were no longer used were removed from site and the intention was to install three new tanks to replace two original tanks remaining in use at the time. The Permit was also varied to include the storage and transfer of 'garage services' type waste. The planned changes have not been realised since issue of the Variation, and now the Company proposes to retain the two remaining original tanks at the site, which have been subject to improvements in order that they remain fit for purpose, and does not now intend to use the site for any additional waste storage.

Any changes made as a result of the part surrender are set out in the schedules.

The status log of a permit sets out the permitting history, including any changes to the permit reference number.

Status log of the permit		
Description	Date	Comments
Application EPR/CP3038MN/A001	Duly made 26/02/07	
Additional information received	03/08/07	
Permit determined EPR/CP3038MN	21/10/07	Original permit issued to OSS Group Limited.
Variation Application EPR/CP3038MN/V002	Duly Made 30/12/11	Variation and Consolidation
Variation Determined EPR/CP3038MN	29/03/12	
Transfer Application EPR/SP3030EX/T001	Duly Made 03/09/13	Full transfer of Permit EPR/CP3038MN from OSS Group to Hydrodec (UK)
Transfer Determined EPR/SP3030EX	08/10/13	Full Transfer of Permit complete
Agency Variation Determined EPR/SP3030EX/V002	13/01/14	Agency variation to implement the changes introduced by IED
Part surrender application EPR/SP3030EX/S003	Duly made 11/08/14	Application to surrender a regulated waste activity – to receive and store Garage Service Waste and associated EWC codes.
Part surrender determined EPR/SP3030EX	30/09/14	Part surrender complete.

End of introductory note

Notice of surrender

The Environmental Permitting (England and Wales) Regulations 2010

The Environment Agency in exercise of its powers under regulation 25 of the Environmental Permitting (England and Wales) Regulations 2010 accepts the surrender in part of

Blaydon-on-Tyne
Tyne and Wear
NE21 5SD**

to the extent set out in the schedules.

This notice shall take effect from 30/09/14.

Name	Date
A.J. Nixon	30 September 2014

Authorised on behalf of the Environment Agency

Schedule 1 – conditions to be deleted

The following conditions are deleted as a result of the application made by the operator.

Table S2.3 Permitted waste types and quantities for hazardous and non-hazardous Garage Service wastes, less than 10 tonnes per day, is deleted.

Schedule 2 – conditions to be amended

The following conditions are amended as detailed, as a result of the application made by the operator.

Table S1.1 activities, is amended to reflect the removal of a regulated waste activity.

Table S1.1 activities			
Activity reference	Activity listed in Schedule 1 of the EP Regulations	Description of specified activity and WFD Annex I and II operations	Limits of specified activity and waste types
A1	S5.6 A(1)(a) – Temporary storage of hazardous waste in a facility with a total capacity exceeding 50 tonnes	Storage of waste oil (R13).	From receipt of waste oil as defined in Sch 2 Table S2.2 to dispatch of waste oil, including storage in tanks 1 and 2 as shown on the site plan in Sch 7 of the Permit.
Directly Associated Activity			
A2	Waste storage	Storage of wastes generated on site.	From receipt of waste from the process to dispatch for further treatment or disposal.
A3	Operation of systems	Operation of systems for supply of utilities and services such as electricity.	Utilities and services systems within the installation boundary.
A4	Surface water collection	Collection of surface water from oil loading and unloading bays and discharge to sewer via interceptor.	From collection of surface water to discharge to foul sewer via the interceptor.

2.3.3 Waste shall only be accepted if:

- (a) it is of a type and quantity listed in schedule 2 table S2.2 and
- (b) it conforms to the description in the documentation supplied by the producer and holder.

Table S1.2 Operating techniques		
Description	Parts	Date Received
Application	The response to section 2.1 and 2.2 in the Application	31/01/07
Receipt of additional information to the application	Responses to questions 1, 2, 3, 4 and 5 on the request for further information dated 18/07/07	03/08/07

Schedule 3 – conditions to be added

None

Schedule 4 – amended plan
