

**FOI Release**  
***Information released under the Freedom of Information Act***

**Title:** Trade mark applications filed through Irish agents

**Date of release:** 27 August 2013

**Information request:**

How many trade mark applications have been filed at the UK Trade Mark Registry during the last 5 years (divided into each year) that have an IPO representative name which is not British. In particular I would like to know how many Irish representatives are listed, and how many marks each representative represents.

**Information released:**

We do not hold figures for the total numbers of such marks filed, from Ireland or other countries outside the UK, nor can we readily extract them from our database. We can however tell you how many Irish addresses for service were entered, which may or may not have been professional representatives. However, we cannot say how many marks were filed from each address.
