

NOTICE TO MARINERS
No. 02 of 2015

ENVIRONMENT AGENCY – SOUTH EAST

HARBOUR OF RYE

COASTAL DEFENCE WORKS AT Broomhill Sands, Camber

Mariners are advised that the work to install a rock revetment at Broomhill Sands, Camber will not break for winter and is set to continue until September 2015.

Rock will be brought by the M.V Liamare to an anchorage established as a box between:

Southern line 50.52.30.00'N
Northern line 50.52.90.00'N
Eastern line 0.49.00'E
Western line 0.48.10'E

The rock will be transhipped to the 82m barge Charlie Rock and towed by the tug Afon Cefni. The delivery route from the anchorage to the beach will vary throughout the contract to allow for local weather conditions and location of delivery at the beach

The transhipment barge will leave the main barge to deliver rock to the beach approximately 2 hours before each high water.

Mariners are requested to keep a safe distance from the anchored and delivery vessels, and be aware that there could be obstructions in the vicinity of the beach unloading operations.

The vessels, barges and tugs will display all lights and marks required by the Collision Regulations, and the handling tugs will maintain a listening watch on VHF channel 16.
