

Annex B: Impact Assessment

Education Links will be based on three sites across Newham (The Play Hut, Queens Park Terrace and Chandos East). We have looked at 20 alternative provision (AP) schools and Pupil Referral Units (PRUs) within an 8.5-mile radius from E6 6ET, the Play Hut. This postcode has been used as the measurement point as it is one of the three sites for Education Links, and is relatively centrally located within LB Newham. The other two sites are Queens Park Terrace (E13 9AL) which is 1.5 miles away from The Play Hut towards the north west of the borough and Chandos East (E15 1TT) which is 4.5 miles from the Play Hut and close to the border with LB Waltham Forest. The new free school will mainly cater for pupils in Newham and 18 of the 20 existing PRUs and AP schools listed below are based in other London boroughs. Of the two existing PRU and AP schools in Newham, both are rated Good by Ofsted. The PRU based in Waltham Forest has also been rated Good by Ofsted. All of the other existing PRU and AP schools within a 6-mile radius are rated as either Good or Outstanding by Ofsted. We have therefore concluded that Education Links is likely to have only a minimal impact on all 20 existing PRUs and AP schools.
