Thanks REDACTED: DEFRA OFFICIAL and skipping over feedback is fine, from our perspective this is more about sowing the first seeds widely across the organisation - so we can reap the benefits down the line.

Details with you tomorrow but it is PFI team, wider waste service, insurance, finance, legal and procurement officers.

Thanks for the update. I'll be doing the training with REDACTED: DEFRA OFFICIAL.

We don't mind about the numbers but it does mean that we may have to move through some of the exercise more rapidly without taking feedback from everyone otherwise we won't get through the

programme. Do we have a list of all the attendees and their job titles? It just helps to know the audience.

Many thanks

Hello REDACTED: DEFRA OFFICIAL

All in hand - and I'm getting the laptops and contracts on USBs sorted as well for each table - in case there is a need for groups to refer to the PA and schedules.

I've asked for them to expect arrivals from 08:30 for a 09:00 start.

One bid of bad news for you - well not really, but the sponsor really wanted the officer numbers kept high, so I've asked for a table layout of either 4x5 or 5x4.

But the good news is the refreshments are being provided as you outlined, including from arrival and it should be a buffet lunch for all.

I'll send confirmation of names tomorrow - looking forward to seeing you next week!

Just checking everything is in place for next week. I suggest we advise everyone to come at 08:45 for a 09:00 start. You'll need to have a projector that the team can hook up to as well as 3 flip charts (assuming 3 groups of around 5 people attending). Refreshments including tea/coffee/water will be needed at regular intervals as well as lunch for the presenters (if you can provide). Finish time will be 16:15 ish at the latest.
