

## **Annex B: Standard Impact Assessment for Peaslake Free School**

| School name                      | Distance from free school (miles) | School type            | Capacity                             | Attainment in 2011/12       | Ofsted grade | Impact rating  |  |
|----------------------------------|-----------------------------------|------------------------|--------------------------------------|-----------------------------|--------------|--|--|
| Shere CofE Aided Infant School   | 2.0                               | 5-7 age range          | 90 school places                     | Infant school - no KS2 data | Good         | Minimal  |  |
|                                  |                                   | Voluntary Aided School |                                      |                             |              | Surplus of school places of 9% of total school capacity  | There is a good school so the free school is unlikely to affect its long term financial viability. Indeed, the head teacher from this school is acting as a mentor for the head teacher of the free school.              |
|                                  |                                   | Church of England      | Oversubscribed for entry in 2011/12  |                             |              |  | <b>The Free School is unlikely to affect the long term financial viability of the school</b>   |
|                                  |                                   | Mixed                  |                                      |                             |              |  |  |
| Ewhurst CofE Aided Infant School | 2.9                               | 5-7 age range          | 86 school places                     | Infant school - no KS2 data | Outstanding  | Minimal  |  |
|                                  |                                   | Voluntary Aided School |                                      |                             |              | Surplus of school places of -1% of total school capacity | Ewhurst is an outstanding school so its financial viability is unlikely to be affected by the free school.   |
|                                  |                                   | Church of England      | Undersubscribed for entry in 2011/12 |                             |              |  | <b>The Free School is unlikely to affect the long term financial viability of the school</b>   |
|                                  |                                   | Mixed                  |                                      |                             |              |  |  |
| Park Mead Primary                | 3.8                               | 4-11 age range         | 513 school places                    | Well above average          | Good         | Minimal  |  |
|                                  |                                   | Foundation School      |                                      |                             |              | Surplus of school places of 18% of total school capacity | This is a much larger school than the free school and achieves above average results, so the free school is unlikely to affect its financial viability. In fact, the free school is likely to be a feeder school for it. |
|                                  |                                   | No faith               | Undersubscribed for entry in 2011/12 |                             |              |  | <b>The Free School may affect the long term financial viability of the school</b>  |
|                                  |                                   | Mixed                  |                                      |                             |              |  | 89% of pupils achieved the expected level at KS2 in English and maths.   |

|   |     |                        |                                      |                             |             |  |   |
|---|-----|------------------------|--------------------------------------|-----------------------------|-------------|--|---|
| Wonesh and Shamley Green CofE Aided Infant School | 3.9 | 4-7 age range          | 90 school places                     | Infant school - no KS2 data | Outstanding | Minimal  |   |
|   |     | Voluntary Aided School |                                      |                             |             | Surplus of school places of 2% of total school capacity  | Wonesh and Shamley Green is an outstanding school so its financial viability is unlikely to be affected by the Free School.   |
|   |     | Church of England      | Oversubscribed for entry in 2011/12  |                             |             |  | <b>The Free School is unlikely to affect the long term financial viability of the school</b>  |
|   |     | Mixed                  |                                      |                             |             |  |   |
| Chilworth CofE (Aided) Infant School              | 4.0 | 5-7 age range          | 90 school places                     | Infant school - no KS2 data | Good        | Minimal  |   |
|   |     | Voluntary Aided School |                                      |                             |             | Surplus of school places of 12% of total school capacity | Chilworth is a small, undersubscribed school but it has a good Ofsted rating and is relatively distant from the free school so the latter is unlikely to affect its financial viability, especially as there are no plans for expansion at Peaselake. |
|   |     | Church of England      | Undersubscribed for entry in 2011/12 |                             |             |  | <b>The Free School may affect the long term financial viability of the school</b>   |
|   |     | Mixed                  |                                      |                             |             |  |   |
