

Footnotes:

¹ Since April 2012, the Mayor of London has had oversight of strategic housing, regeneration and economic development in London. This means that the HCA no longer publishes housing starts and completions for London (current and historical series) except for delivery in London under the Build to Rent, Get Britain Building and Help to Buy Programmes which are administered by the HCA on behalf of the GLA. As housing starts on site and completions are recorded by their location, they may include homes located outside London where the funding was allocated to a local authority district within London. The historical series for London included in the HCA's housing statistics published on 12 June 2012 (revised 24 August 2012) is available from:

<http://www.homesandcommunities.co.uk/housing-statistics>

² The Affordable Homes Programme, Empty Homes, Empty Homes Round Two, FirstBuy, Help to Buy, Homelessness Change, Kickstart (HomeBuy Direct and NAHP), Mortgage Rescue, National Affordable Housing Programme, Short Form Agreements and Traveller Pitch Funding figures are sourced from our Investment Management System (IMS) at close of business on 30 September 2013.

³ The Accelerated Land Disposal, Build to Rent, Economic Assets, Get Britain Building, Kickstart (Investment Support) and Property and Regeneration Programme figures are sourced from our Project Control System (PCS) at close of business on 24 October 2013.

⁴ Total affordable housing is the sum of Affordable Rent, Social Rent, Intermediate Rent and Affordable Home Ownership.

⁵ Market housing is private housing (or bed spaces) for rent or for sale where the rental value or market price is set mainly in the open market.

⁶ The market units delivered under the Accelerated Land Disposal Programme, the Get Britain Building Programme, Kickstart Housing Delivery and the Property and Regeneration Programme may include some starts and completions which are made available at below market price or rents but do not meet the definition for affordable housing. The market completions under these programmes may include houses that are subsequently sold to purchasers who have received assistance through the Help to Buy scheme.

⁷ The Accelerated Land Disposal programme is intended to accelerate starts within the programme end date of March 2015. A small number of sites have early delivery of starts, with the majority profiled for disposal in the last two years of the programme.

⁸ The Affordable Homes Programme, a key part of which is the Affordable Rent product, replaced the National Affordable Housing Programme in 2011. The outcome of offers for the new programme was announced in July 2011 and delivery of starts commenced in the second half of 2011/12.

⁹ The small number of starts on site for Build to Rent reflects the competitive clarification and due diligence process for 45 projects announced in April 2013 which must be undertaken before starting on site.

¹⁰ The small number of starts on site for Empty Homes Round Two is due to the allocations being announced in June 2013.

¹¹ FirstBuy is an equity loan product for which starts on site are not reported. Completions reported for the 6 months ending 30 September 2013 reflect units that were committed to purchase by 31 March 2013 when the scheme ended.

¹² The Get Britain Building programme was announced in November 2011. The starts on site reported for 2012/13 exclude 522 units which will count towards the overall target to unlock delivery of up to 12,000 homes across the lifetime of the Get Britain Building programme but are also in receipt of funding from an affordable housing programme and are reported under that programme.

¹³ Mortgage Rescue is either Equity Loan or Mortgage to Rent for which starts on site are not reported.

¹⁴ The National Affordable Housing Programme ended in March 2011 and outputs reported for 2011/12, 2012/13 and the 6 months ending 30 September 2013 reflect commitments entered into prior to the closure date.

¹⁵ Short Form Agreements (SFA) are used by the HCA to contract with providers who wish to deliver affordable rent units without HCA funding.

¹⁶ The small number of starts on site for the specialist programmes Empty Homes, Homelessness Change and Traveller Pitch Funding is due to the allocations being announced later than the main Affordable Homes Programme, between October 2011 and March 2012.

¹⁷ The Economic Assets Programme comprises assets transferred in September 2011 to the HCA from the closing Regional Development Agencies (RDA). The figures for 2011/12 relate to the full year during which both RDA and HCA had responsibility for these assets.

¹⁸ The small number of completions for the Kickstart Housing Delivery Programme for the 6 months ending 30 September 2010 is due to the timing of starts on site in the final quarter of 2009/10. All starts on site were reported by the end of 2010/11.

¹⁹ There were no completions in the 6 months ending 30 September 2010 for Local Authority New Build due to the timing of starts on site in the final quarter of 2009/10. All starts on site were reported by the end of 2010/11.

²⁰ The National Affordable Housing Programme figures include Mortgage Rescue for 2009/10 and 2010/11.

²¹ In a small number of cases, HCA funding to an affordable housing provider is to support a person or family to be housed in a local authority that is different to the one in which they currently reside. The figures in this table are based on the local authority district in which the house is located which may not be the local authority where the funding is allocated.

²² Help to Buy is an equity loan product for which starts on site are not reported. Some of the homes sold under the Help to Buy scheme may have also benefitted from funding through other programmes supporting delivery of market homes.
