Dear John

Thak you for seeing me last week. I have been trying to gather together the information I promised to send you and [REDACTED]. Some of it still eludes me and I also want to attach some of the analytical notes linked to the base raw data. However this may take a little more time and I am now attaching the following .I will send more as it emerges

1. Accompanying Measures schedule dated Nov 2012 advised by the Commission
2. A schedule of licence applications by supplier country and destination for the past 3 marketing years
3. An EPA EBA schedule which I collate and send to DG Ag from time to time. A revision of our forecasts is due in January

On the last schedule you will note that the final EU data shows a delivery by EPA EBA of 1.880m . The statistics on the Mancom documents at end November show our deliveries as 1.78m I will be checking this with Dg Ag

Kind Regards and Happy Christmas

Barry Newton
