

Dear [REDACTED]

I attach the latest schedule on AMS just released by Devco. I have responded quickly to Brussels on this and registered my continuing concerns at the disparity between the figures defined as "Decided" and the headline allocations . I have forwarded a copy of my e-mail separately

I also attach a draft for ACP/LDC Ambassadors to consider sending to Commissioner Ciolos in response to his letter of 18th March which I sent to you previously. I dont expect this (if it is indeed sent) to register with the Commissioners but I have suggested that it should be copied to the Prresidency, to Council Reps and to the relevant MEP's

Kind Regards

Barry
