

Impact Assessment for Plymouth School of Creative Arts 4-16 Free School

Primary

School name	School type	Capacity	Attainment in 2011/12	Ofsted grade	Impact rating
St Peter's CE Primary (Age range 3-11)	Voluntary Aided	150	72% of pupils achieved the expected level at KS2 in English and maths. Below National and Local Authority average of 79%	Good	<p>Minimal. Officials understand from Plymouth City Council that St Peter's is expected to be full at the point of entry (reception year) in 2013/14 and have a waiting list. The school had a surplus of 13% (19) places in 2011/12 against its total school capacity.</p> <p><u>The Free School is unlikely to affect the long term financial viability of St Peter's.</u></p>
Pilgrim Primary (Age range 5-11)	Foundation	172	65% of pupils achieved the expected level at KS2 in English and maths. Well below National and Local Authority average of 79%	Satisfactory	<p>Moderate. The capacity of Pilgrim was increased at the start of the 2012/13 school year to meet demand. Officials understand from Plymouth City Council that Pilgrim is currently undersubscribed at the point of entry (year 1) in 2013/14. The school had a surplus of 2% (3) in 2011/12 places against its total school capacity.</p> <p><u>The Free School may affect the short term financial viability of St Peter's. However, in view of the projected severe basic need for primary school places in the Authority over the next couple of years the Free School is unlikely to affect the long term financial viability of St Peter's.</u></p>
St Andrew's CE Primary (Age range 5-11)	Voluntary Aided	210	89% of pupils achieved the expected level at KS2 in English and maths. Well above National and Local Authority average of 79%	Outstanding	<p>Minimal. Officials understand from Plymouth City Council that St Andrew's is expected to be full at the point of entry (year 1) in 2013/14 and have a waiting list. The school had a surplus of 11% (23) places in 2011/12 against its total school capacity.</p> <p><u>The Free School is unlikely to affect the long term financial viability of St Andrew's.</u></p>
The Cathedral RC School of St	Voluntary Aided	119	69% of pupils achieved the	Good	<p>Minimal. Officials understand from Plymouth City Council that the Cathedral School of St Mary is</p>

Mary (Age range 4-11)			expected level at KS2 in English and maths. Well below National and Local Authority average of 79%		<p>expected to be full at the point of entry (reception year) in 2013/14 and have a waiting list. The school had a surplus of 4% (59) places in 2011/12 against its total school capacity.</p> <p><u>The Free School is unlikely to affect the long term financial viability of the Cathedral School of St Mary.</u></p>
Mount Street Primary (Age range 3-11)	Foundation	210	62% of pupils achieved the expected level at KS2 in English and maths. Well below National and Local Authority average of 79%	Satisfactory	<p>Minimal. Officials understand from Plymouth City Council that Mount Street is expected to be full at the point of entry (reception year) in 2013/14. The school had a surplus of 10% (21) places in 2011/12 against its total school capacity.</p> <p><u>The Free School is unlikely to affect the long term financial viability of Mount Street.</u></p>
Holy Cross RC Primary (Age range 4-11)	Voluntary Aided	210	93% of pupils achieved the expected level at KS2 in English and maths. Well above National and Local Authority average of 79%	Outstanding	<p>Minimal. Officials understand from Plymouth City Council that Holy Cross is expected to be full at the point of entry (reception year) in 2013/14. The Authority will be meeting the school soon to discuss proposals to increase the school's capacity. The school had no surplus places in 2011/12.</p> <p><u>The Free School is unlikely to affect the long term financial viability of Holy Cross.</u></p>
Stuart Road Primary (Age range 3-11)	Community	205	91% of pupils achieved the expected level at KS2 in English and maths. Well above National and Local Authority average of 79%	Good	<p>Minimal. Officials understand from Plymouth City Council that Stuart Road is expected to be full at the point of entry (reception year) in 2013/14 and have a waiting list. The school had a surplus of 6% (12) places in 2011/12 against its total school capacity.</p> <p><u>The Free School is unlikely to affect the long term financial viability of Stuart Road.</u></p>
High Street Primary (Age range 3-11)	Community	178	74% of pupils achieved the expected level at KS2 in English and	Good	<p>Minimal. Officials understand from Plymouth City Council that High Street is expected to be full at the point of entry (reception year) in 2013/14. The school had a surplus of 3% (5) places in 2011/12 against its</p>

			maths. Below National and Local Authority average of 79%		total school capacity. <u>The Free School is unlikely to affect the long term financial viability of High Street.</u>
St George's CE Primary (Age range 4-11)	Voluntary Aided	105	83% of pupils achieved the expected level at KS2 in English and maths. Above the National and Local Authority average of 79%	Satisfactory	Minimal. Officials understand from Plymouth City Council that St George's is expected to be full at the point of entry (reception year) in 2013/14. The school had a surplus of 10% (11) places in 2011/12 against its total school capacity. <u>The Free School is unlikely to affect the long term financial viability of St George's.</u>
Salisbury Road Primary (Age range 4-11)	Community	420	84% of pupils achieved the expected level at KS2 in English and maths. Above the National and Local Authority average of 79%	Requires improvement	Moderate. Officials understand from Plymouth City Council that Salisbury Road increased its PAN at the start of the 2012/13 school year to meet an increase in demand for places. Salisbury is expected to have a few vacancies at the point of entry (reception year) in 2013/14. The school had a surplus of 8% (34) places in 2011/12 against its total school capacity. <u>The Free School may affect the short term financial viability of Salisbury Road. However, in view of the projected severe basic need for primary school places in the Authority over the next couple of years the Free School is unlikely to affect the long term financial viability of Salisbury Road.</u>
Stoke Damerel Primary (Age range 4-11)	Community	314	90% of pupils achieved the expected level at KS2 in English and maths. Well above National and Local Authority average of 79%	Good	Minimal. Officials understand from Plymouth City Council that Stoke Damerel is expected to be full at the point of entry (reception year) in 2013/14. The school had a surplus of 6% (19) places in 2011/12 against its total school capacity. <u>The Free School is unlikely to affect the long term financial viability of Stoke Damerel.</u>

Secondary

School name	School type	Capacity	Attainment in 2010/11	Ofsted grade	Impact rating
Plymouth High School for Girls (Age range 11-18)	Community	809	94.9% of pupils achieved 5A*-C including English and Math. Well above the National (59.4% for all schools) and Local Authority (57.5%) averages	Good	Minimal. Officials understand from Plymouth City Council that Plymouth High School for Girls is expected to be full at the point of entry (year 7) in 2013/14 and has a waiting list. The school had no surplus places in 2011/12. <u>The Free School is unlikely to affect the long term viability of the Plymouth High School for Girls.</u>
Devonport High School for Boys (Age range 11-18)	Academy Converter	1,160	88.8% of pupils achieved 5A*-C including English and Math. Well above the National (59.4% for all schools) and Local Authority (57.5%) averages	Outstanding	Minimal. Officials understand from Plymouth City Council that Devonport High School for Boys is expected to be full at the point of entry (year 7) in 2013/14 and has a waiting list. The school had a surplus of 2% (23) places in 2011/12 against its total school capacity. <u>The Free School is unlikely to affect the short term viability of the Devonport High School for Boys.</u>
Stoke Damerel Community College (Age range 11-18)	Academy Converter	1,680	50.9% of pupils achieved 5A*-C including English and Math. Below the National (59.4% for all schools) and Local Authority (57.5%) averages	Outstanding	Minimal. Officials understand from Plymouth City Council that Stoke Damerel is expected to be full at the point of entry (year 7) in 2013/14 and has a waiting list. The school had a surplus of 17% (286) places in 2011/12 against its total school capacity. <u>The Free School is unlikely to affect the short term viability of the Stoke Damerel Community College.</u>
Lipson Community School (Age range 11-18)	Academy Converter	1,377	47.9% of pupils achieved 5A*-C including English and Math. Well below the National (59.4% for all schools) and Local Authority (57.5%) averages	Good	Moderate. Officials understand from Plymouth City Council that Lipson is expected to have some spare places at the point of entry (year 7) in 2013/14. The school had a surplus of 5% (69) places in 2011/12 against its total school capacity. <u>The Free School may affect the short term viability of the Lipson. Whilst there is sufficient secondary school provision in Plymouth to cope with the projected pupil population increase in Plymouth over the next 5-6</u>

School name	School type	Capacity	Attainment in 2010/11	Ofsted grade	Impact rating
					<u>years, we do not believe the Free School will affect the long term financial viability of Lipson.</u>
Devonport High School for Girls (Age range 11-18)	Academy Converter	840	99.2% of pupils achieved 5A*-C including English and Math. Well above the National (59.4% for all schools) and Local Authority (57.5%) averages	Good	Minimal. Officials understand from Plymouth City Council that Devonport High School for Girls is expected to be full at the point of entry (year 7) in 2013/14 and has a waiting list. The school had a surplus of 5% (42) places in 2011/12 against its total school capacity. <u>The Free School is unlikely to affect the short term viability of the Devonport High School for Girls.</u>
All Saints CE Academy (Age range 11-19)	Academy Sponsor Led	1,152	40.7% of pupils achieved 5A*-C including English and Math. Well below the National (59.4% for all schools) and Local Authority (57.5%) averages	Requires improvement	Moderate. Officials understand from Plymouth City Council that All Saints is expected to have some spare places at the point of entry (year 7) in 2013/14. The school had a surplus of 17% (196) places in 2011/12 against its total school capacity. <u>The Free School may affect the short term viability of All Saints. Whilst there is sufficient secondary school provision in Plymouth to cope with the projected pupil population increase in Plymouth over the next 5-6 years, we do not believe the Free School will affect the long term financial viability of All Saints.</u>
Eggbuckland Community College (Age range 11-18)	Foundation	1,486	65.4% of pupils achieved 5A*-C including English and Math. Above the National (59.4% for all schools) and Local Authority (57.5%) averages	Satisfactory	Moderate. Officials understand from Plymouth City Council that Eggbuckland is expected to have some spare places at the point of entry (year 7) in 2013/14. The school had a surplus of 11% (164) places in 2011/12 against its total school capacity. <u>The Free School may affect the short term viability of Eggbuckland. Whilst there is sufficient secondary school provision in Plymouth to cope with the projected pupil population increase in Plymouth over the next 5-6 years, we do not believe the Free School will affect the long term financial viability of Eggbuckland.</u>

School name	School type	Capacity	Attainment in 2010/11	Ofsted grade	Impact rating
St Boniface's RC College (Age range 11-18)	Voluntary Aided	959	41.2% of pupils achieved 5A*-C including English and Math. Well below the National (59.4% for all schools) and Local Authority (57.5%) averages	Good	<p>Moderate. Officials understand from Plymouth City Council that St Boniface's is expected to have some spare places at the point of entry (year 7) in 2013/14. The school had a surplus of 16% (153) places in 2011/12 against its total school capacity.</p> <p><u>The Free School may affect the short term viability of St Boniface's. Whilst there is sufficient secondary school provision in Plymouth to cope with the projected pupil population increase in Plymouth over the next 5-6 years, we do not believe the Free School will affect the long term financial viability of St Boniface's.</u></p>
