Table 1: Impact of Free School on local Primary schools

School name	Distance from free school (miles)	School type	Capacity	Attainment in 2011/12	Ofsted grade	Impact rating
Exwick Heights Primary School	0.1	3-11 age range Community School No faith Mixed	420 school places Surplus of school places of 20% of total school capacity Undersubscribed for entry in 2011/12	Above average 82% of pupils achieved the expected level at KS2 in English and maths.	Outstanding	Minimal: The School is very near the FS with a significant surplus. However, the school's results are well above average with an outstanding Ofsted rating. Given the Free School's wide catchment area and distinct curriculum, and the growing local primary school population, the new FS is unlikely to have an impact on the long term viability of this school.
Redhills Community Primary School	0.5	5-11 age range Community School No faith Mixed	360 school places Surplus of school places of 16% of total school capacity Undersubscribed for entry in 2011/12	Above average 82% of pupils achieved the expected level at KS2 in English and maths.	Good	Minimal: The School is near the FS with a significant surplus. However, the school's results are well above average with a good Ofsted rating. Given the Free School's wide catchment area and distinct curriculum, and the growing local primary school population, the new FS is unlikely to have an impact on the long term viability of this school.

Table 2: Impact of Free School on local secondary schools

School name	Distance from free school (miles)	School type	Capacity	Attainment in 2011/12	Ofsted grade	Impact rating
West Exe Technology College	1.6	11-16 age range Community School No faith Mixed	1300 school places Surplus of school places of 6% of total school capacity Undersubscribed for entry in 2011/12	Below average 55.8% of pupils achieved 5A*-C inc English and maths.	Good	Minimal: Potential to lose pupils in light of its attainment which is below the national average, but judged Good by Ofsted. However, given the Free School's small size, wide catchment area and distinct curriculum the new Free School is unlikely to draw many pupils away from this school and unlikely to have a long term impact on its viability.
Isca College of Media Arts	2.4	11-16 age range Community School No faith Mixed	980 school places Surplus of school places of 21% Undersubscribed for entry in 2011/12	Well below average 46% of pupils achieved 5A*-C inc English and maths.	Good	Moderate: The school is close to the FS, with poor attainment, and a significant surplus. In normal circumstances we would anticipate that the Free School may affect the long term financial viability of the school. However, the Free School's small size, wide catchment area and distinct curriculum is likely to mitigate any potential impact, and so we judge the overall impact to be moderate.
St James School	2.7	11-16 age range Foundation School No faith Mixed	953 school places Surplus of school places of 33% Undersubscribed for entry in 2011/12	Below average 56.2% of pupils achieved 5A*-C inc English and maths.	Good	Minimal: It is reasonably close to the FS, although rated good by Ofsted it has below average results with a significant surplus places. However, given the Free School's small size, wide catchment area and distinct curriculum the new Free School is unlikely to draw many pupils away from this school and unlikely to have a long term impact on its viability.
