

## **Pre-Release Access to National Statistics**

Pre-release access arrangements to DFID Statistical publications are in line with *The Pre-release Access to Official Statistics Order 2008* which came into force on 1 December 2008. Pre-release access is only allowed for a maximum of 24 hours.

The list below shows those DFID ministers and officials who received access in advance of publication to the final form publication under the terms of the Order to the '*Provisional UK Official Development Assistance as a proportion of Gross National Income, 2013*'.

The officials on this list are either involved in the production of briefing for DFID ministers or are required to give direct advice to the minister to enable them to comment on the figures at the time of their publication.

As well as the people on this list, there are a limited number of other DFID officials who will have access to the data because they are involved in production or quality assurance.

Direct access to the statistics in the release will be minimised and those with access will ensure that the information is not passed on to anyone.

### **Pre-release access list**
