

**Footnotes:**

<sup>1</sup> This is the first housing statistical release covering delivery since the transfer of HCA's former London region to the Greater London Authority (GLA) on 1 April 2012. London is excluded from the statistics, both for the six months ending 30 September 2012 and for the historic series. As housing starts on site and completions are recorded by the location for the first time in this release, it includes homes located outside London where the funding was allocated to a local authority district within London. These homes would have previously been included in the London figures. The historic series for London included in the HCA's housing statistics published on 12 June 2012 (revised 24 August 2012) is available from:

<http://www.homesandcommunities.co.uk/housing-statistics>

<sup>2</sup> The Affordable Homes Programme, Empty Homes, FirstBuy, Homelessness Change, Kickstart (HomeBuy Direct and NAHP), Local Authority New Build, Mortgage Rescue, National Affordable Housing Programme and Traveller Pitch Funding figures are sourced from our Investment Management System (IMS) at close of business on 30 September.

<sup>3</sup> The Accelerated Land Disposal, Economic Assets, Kickstart (Investment Support) and Property and Regeneration Programme figures are sourced from our Project Control System (PCS) at close of business on 26 October 2012.

<sup>4</sup> Total affordable housing is the sum of Affordable Rent, Social Rent, Intermediate Rent and Affordable Home Ownership.

<sup>5</sup> The National Affordable Housing Programme figures include Mortgage Rescue for 2009/10 and 2010/11.

<sup>6</sup> The open market units delivered under the Property and Regeneration Programme include some starts and completions which are made available at below market price or rents but do not meet the definition for affordable housing.

<sup>7</sup> The small number of completions for the Kickstart Housing Delivery Programme for the 6 months ending 30 September 2010 is due to the timing of starts on site in the final quarter of 2009/10. All starts on site were reported by the end of 2010/11.

<sup>8</sup> There were no completions in the 6 months ending 30 September 2010 for Local Authority New Build due to the timing of starts on site in the final quarter of 2009/10. All starts on site were reported by the end of 2010/11.

<sup>9</sup> The Economic Assets Programme comprises assets transferred in September 2011 to the HCA from the closing Regional Development Agencies (RDA). The figures for 2011/12 relate to the full year during both RDA and HCA responsibility for these assets.

<sup>10</sup> FirstBuy is a shared equity product for which starts on site are not reported.

<sup>11</sup> Mortgage Rescue is either shared equity or Mortgage to Rent for which starts on site are not reported.

<sup>12</sup> The National Affordable Housing Programme ended in March 2011 and outputs reported for 2011/12 and the 6 months to 30 September 2012 reflect commitments entered into prior to the closure date.

<sup>13</sup> The Accelerated Land Disposal programme is intended to accelerate starts within the programme longstop of March 2015. A small number of sites have early delivery of starts, with the majority profiled for disposal in the last two years of the programme.

<sup>14</sup> The Affordable Homes Programme, a key part of which is the Affordable Rent product, has replaced the National Affordable Housing Programme. The outcome of offers for the new programme was announced in July 2011 and delivery of starts commenced in the second half of 2011/12.

<sup>15</sup> The small number of starts on site for the specialist programmes Empty Homes, Homelessness Change and Traveller Pitch Funding is due to the allocations being announced later than the main Affordable Homes Programme, between October 2011 and March 2012. Starts on site will be achieved in the second half of 2012/13.

<sup>16</sup> The Get Britain Building programme was announced in November 2011. Up to 10,000 starts on site will be delivered in the second half of 2012/13.

<sup>17</sup> In a small number of cases, HCA funding to an affordable housing provider is to support a person or family to be housed in a local authority that is different to the one in which they currently reside. The figures in this table are based on the local authority district in which the house is located which may not be the local authority where the funding is allocated.
