### Introductory note

#### This introductory note does not form a part of the notice

The following notice gives notice of the variation of an environmental permit.

The variation is for the following changes –

- Increasing capacity of the facility to produce 150,000 tonnes of dry extruded pet food per annum
- A third processing line – which will be located within the existing site boundary.
- Two new air emission points A7 and A8

The schedules specify the changes made to the original permit.

The status log of a permit sets out the permitting history, including any changes to the permit reference number.
