Whoever you are, whatever you do...
YOU could be a victim of online crime.

£670 MILLION
reported online
frauds in one year

Half
50%
of victims have felt
'very' or 'extremely
violated' by their
ordeal

Over half
53%
of the population now
see online crimes as
seriously as 'physical
world' crimes

More cybercrime
victims than ever

54%
wish to unmask
a perpetrator

Over half

51%
have been a victim
of online crime

although only
32%
of these
victims reported
the crime

but just

14%
SUCCEED

VICTIMS CHANGING
ONLINE BEHAVIOUR

45%
opting for stronger
passwords and

Around half
47%
of victims did not
know who to report
an online crime to

NO PASSWORD OR PIN

More than half
54%
of mobile phone users

and around a third
37%
of laptop owners do not
have password or PIN
number for their device

42%
being extra vigilant
when shopping
online

That figure rises to over half

59%
for PC users

and two thirds
67%
of tablet owners
