14. I make the declaration sought by the claimant that the Association breached its rule 12.5 by not holding an Annual Delegate Conference in the period between February 2008 and October 2010.

REASONS

1. Mr O'Friel was a member of the Association of Professional Ambulance Personnel ("the Association" or "APAP"). By a letter received at the Certification Office on 15 April 2010, Mr O'Friel alleged a number of breaches of the rules of the Association in relation to its disciplinary procedures, its appointment of officers and the constitution or proceedings of its executive committee or other decision making meeting, relating to events which occurred between March 2009 and the date of his application.
2. Following correspondence with Mr O'Friel, the complaints were confirmed by him in the following terms:

Complaint 1

On three occasions namely on or around the 15th November 2009, 23rd January and 28th April 2010 the union breached its rule 13.10 by failing to adhere and take cognisance of this rule.

Complaint 2

That on or around the 23rd January 2010, the date on which the union suspended Mr O'Friel the elected Assistant General Secretary, the union breached its rule 13.3.2 because it did not instigate an investigation with expediency, nor was a written report sent to the Administrative Officer David Lake and one other member of the National Governing Council, within 14 days or at all.

Complaint 3

That on or around the 23rd January 2010, the date on which the union suspended Mr O'Friel the elected Assistant General Secretary, the union breached its rule 13.3.3 by enacting Stage 2 of the Disciplinary Procedure, on the basis that the Administrative Officer and one other member of the Association had agreed there was sufficient grounds for complaint.

Complaint 4

That on or around the 23rd January 2010, the date on which the union suspended Mr O'Friel the elected Assistant General Secretary, the union breached its rule 13.3.1 because the union failed to appoint one of the NGC to carry out an initial investigation.

Complaint 6

That on 28th April 2010 the union breached its rule 13.4.5, by failing to give proper and genuine consideration to Mr O'Friel's request for an alternative hearing date and/or to propose an alternative hearing date which could be mutually agreed by Mr O'Friel and the union.

Complaint 7

That on 23rd January 2010 the union breached its rule 18 by its National Governing Council purporting to take a decision when it was not quorate; namely, its purported decision to continue the suspension of the elected General Secretary and implement the additional suspensions of Mr O'Friel and Mr Boothman.

Complaint 8

That on or around the 28th April 2010 the union breached its rule 17.1, by failing to initiate a full postal ballot of its membership for the position of Assistant General Secretary when this was required as a result of the union's expulsion of the elected Assistant General Secretary, Mr O'Friel.

That from the 23rd January 2010, and ongoing, the union has been and continues to be in breach of its rule 6.2.3, by having an unelected person in the position of assistant general secretary and trustee.

Complaint 12

That from the 23rd January 2010, and ongoing, the union has been and continues to be in breach of its rule 6.2.4, by having an unelected person in the position of finance officer.

Complaint 13

That on the 23rd January & 28th April 2010, the union breached its rules 8.1 & 8.4 by holding Management Board meetings which did not consist of officers elected in accordance with the rules in the following capacities, Chairman, General Secretary and Finance Officer and there were no trustees or properly appointed trustees at this meeting.

Complaint 14

That to date the union has breached rule 12.5, by failing to hold an Annual Delegate Conference within the specified time frame stated in rule 12.5, the last recorded annual delegate conference was February 2008.

3. By agreement between the parties, this case was heard together with a similar case brought against the Association of Professional Ambulance Personnel by a Mr Weatherhead. It was further agreed that the evidence in one case was to be considered as evidence in the other as were the submissions, where relevant. The findings of fact in this case are reproduced in the decision in **Weatherhead v Association of Professional Ambulance Personnel (D/34-48/11-12)**.
4. I investigated the alleged breaches in correspondence. A hearing took place on 20 and 21 June 2011. At the hearing, the claimant represented himself. He produced a witness statement and gave oral evidence. Mr O'Friel also produced a witness statement from Mr David Lake, formerly an officer of the Association. Mr Lake did not give oral evidence. Mr O'Friel also relied upon the witness statements produced by Mr Weatherhead, namely those of Mr Weatherhead and Mr Carl Ledbury, also a former officer of APAP. Of these, only Mr Weatherhead gave oral evidence. The Association was represented by Mr Simon Cavalier-Jones, of Populus Group Ltd. The Association submitted written witness statements from Mr Martin Cavalier-Jones, of Populus Group Ltd, Mr Ian Boothman, Chairman of APAP, and Mr Jonathan Fox, the Press Officer of APAP. These witnesses each gave oral evidence. Mr O'Friel, Mr Weatherhead and the Association each provided skeleton arguments. There was in evidence a 314 page bundle of documents consisting of letters and other documentation supplied by the parties together with two sets of rules of the Association (the "1997 Rules" and the "2008 Rules").

Findings of Fact

5. Having considered the oral and documentary evidence and the representations of the parties in this case and the case brought by Mr Weatherhead, I find the facts to be as follows.

6. Mr O’Friel joined the Ambulance Service in 1982 and has been an ambulance technician since 1985. He joined the Association in 1982. He lives in East Kilbride, Glasgow. In about 1985 Mr O’Friel became an elected regional officer of the Association. In about 1987 he was elected to its NGC and in about 1988 he became its elected Scottish Secretary and Assistant General Secretary. He resigned from both these positions on 23 January 2010 and was expelled as a member of the Association by a decision taken on 28 April 2010.
7. APAP was established in 1981. It has about 1,600 members and an annual turnover of about £250,000. Its offices were until recently in Shepton Mallet, Somerset where two administrative staff were employed. The only officer employed by the Association was its Finance Officer, Mr Sleight, who lived in Bury, Lancashire. Mr Sleight visited the offices in Shepton Mallet for a few days each month. There were no other employees. The remainder of the officers were lay members who were employed by various ambulance services.
8. The Association began to experience financial difficulties in 2007, which difficulties became worse in 2008. By May 2008, its auditors, Old Mill Accountancy, reported that the situation was very serious and that they may not be able to sign off the accounts for the year ending December 2007. This problem was overcome but the financial difficulties persisted. In the autumn of 2008, the Association considered a joint venture on training with Populus Group Ltd (“Populus”). The CEO of Populus is Mr Simon Cavalier-Jones. He worked on the business of APAP together with his father, Mr Martin Cavalier-Jones, a consultant to Populus. Populus examined the publicly available accounts of the Association and required reassurance on its financial position before proceeding with the proposed joint venture. A preliminary investigation indicated that payments of £7,000 had been made to Mr Sleight to which he was not entitled. These concerns were discussed at a meeting of the NGC on 12 January 2009. It was decided that Populus would be contracted to look into the financial systems of the Association, as its expertise included business recovery and support. It was further decided that an investigatory team of Mr O’Friel and Ray Lloyd would look into the concerns regarding Mr Sleight, who was by then thought to have been paid £21,000 to which he was not entitled. It was subsequently decided that Populus would take over the investigation of Mr Sleight from the investigating team.
9. By March 2009, Mr Sleight had been suspended. Further enquiries had indicated that the amount wrongly received by him had increased to £34,500. A meeting was arranged with Mr Sleight at a hotel in Bury in which Mr Weatherhead, the General Secretary and Mr Bootham, the Chairman, had intended to give him a letter of dismissal. Instead, Mr Sleight resigned and it is said that he gave an oral promise to refund the Association.
10. It was said that at this time the Association was in a state of near crisis. Mr Weatherhead, who lives in Southampton, visited the offices in Shepton Mallet and found the records to be in chaos. As the annual return to my office was due on 1 June 2009, it was decided to use the services of Populus to help prepare the accounts for submission to the auditors. An issue arises as to whether Martin Cavalier-Jones was appointed at this time to the position of Acting Finance Officer, as Mr Sleight’s replacement, to perform this task or whether he was merely given

this task to perform, without being given the position of Acting Finance Officer. Mr Weatherhead dealt with this matter in evidence and I accept that he gave Mr Martin Cavalier-Jones this task to perform but did not appoint him as Acting Finance Officer. I further find, however, that this was a time of considerable confusion within the Association and that there was ample scope for misunderstanding the position. In any event, in June 2009, Mr Ray Norton was appointed to the position of Acting Finance Officer.

11. In attempting to sort itself out, the Association sought advice from three firms of solicitors. It was advised by Martineau, solicitors, on the recovery of its funds from Mr Sleight. It was advised by Bridge McFarland on issues relating to the role of union trustees. Mr Boothman gave evidence that he had found it very difficult to contact Mr Weatherhead over this period and that it appeared to him that Mr Weatherhead was withdrawing from the affairs of the association. As urgent decisions needed to be taken, Mr Boothman obtained advice that he might make decisions unilaterally which could be later ratified by the NGC. Advice was also obtained from Andrew Jay & Co., solicitors.
12. On 29 May 2009, the Association informed my office of the missing funds and shortly afterwards reported the matter to the police. The police investigations continued until December 2009.
13. In his interview by the police, Mr Sleight asserted that he had not had any dishonest intent in taking the money that he had been paid, that the payments were known to others within the Association and were not unusual. Mr Sleight named six others whose actions he claimed supported his defence. They included Mr Weatherhead, Mr Boothman and the Administrative Officer, Mr Lake. Mr Boothman wanted these allegations investigated forthwith but received legal advice from Andrew Jay & Co that he should not do so whilst the police were investigating. This legal advice was also said to recommend the immediate suspension of Mr Weatherhead.
14. On 10 November 2009 Mr Boothman wrote to Mr Weatherhead suspending him from his position as General Secretary pending further investigations.
15. On 15 November 2009 Mr Boothman wrote to Mr O'Friel informing him that, as he was the Assistant General Secretary, the rules provided that he would take over as General Secretary until the internal and police investigations were completed.
16. On 1 December 2009 the police wrote to Mr Weatherhead to inform him that the Crown Prosecution Service ("CPS") had decided not to prosecute Mr Sleight. The CPS considered that, whilst there was no doubt that Mr Sleight did owe money to the Association, there was insufficient evidence of dishonest intent to permanently deprive. The police also stated that there would be no criminal charges against any other member of the NGC. The police further commented on the Association's failure to monitor Mr Sleight, the lack of receipts, the inconsistency of the accounts, the absence of minutes and unsigned contracts. In a letter of 15 December to Populus, the police commented on the slow responses they had received from Mr Weatherhead.

17. In the above circumstances, the Annual Delegate Conference (“ADC”) planned for 6/7 November 2009 was cancelled but Mr Boothman sought a meeting of the NGC on those dates to brief the NGC on recent events, to ratify his actions and to decide on a way forward. It was not possible to convene such a meeting so Mr Boothman arranged to meet with as many members of the NGC as were available on 5 December 2009 in order to brief them. Mr O’Friel and others were unable to attend this meeting and so a second meeting was arranged for 12 December 2009. This meeting was cancelled as only Mr O’Friel and one other could make it.
18. On 16 December 2009 Mr O’Friel wrote to Mr Boothman stating, “*Acting as the functional Manager (Interim General Secretary of the Association), I have made the decision to revoke the suspension of Mark Weatherhead and I have informed Mark accordingly.*” He stated that he had done so as the police case had now been closed. Despite the clear language used by Mr O’Friel in this letter, he did not inform Mr Weatherhead that his suspension had been revoked and gave evidence that what he had meant to say was that he would seek the revocation of Mr Weatherhead’s suspension at the next meeting of the NGC.
19. Mr O’Friel and Mr Boothman jointly called a meeting of the NGC on 23 January 2010 in a hotel in Walsall. Although it was usual for the Management Board to meet in the evening preceding an NGC, there was no Management Board preceding this NGC. Mr Simon Cavalier-Jones attended the meeting. Mr Weatherhead was present in the hotel, together with his representative Mr Ledbury, ready to be called into the meeting if required. The meeting was called to order by Mr Boothman, as Chairman, and he gave his Chairman’s report. Mr O’Friel then made a presentation in which it was his intention to call for Mr Weatherhead’s reinstatement. During the course of this presentation, the members of the NGC asked Mr Boothman and Mr O’Friel to leave so that they might have a discussion in the absence of anyone implicated by Mr Sleight’s statement to the police. After a short while, Mr O’Friel was called back into the meeting and told that he was suspended, pending an internal investigation. Mr Boothman was then called into the meeting and similarly suspended. The meeting continued. It decided to commission an independent report on the Association’s position in the light of the decision of the CPS not to prosecute. The report was to be prepared by Ms Julia Burnside, a lecturer in law at Lincoln University. The meeting also appointed Mr Matt Witticombe as the Acting General Secretary and Mr John Gettens as Acting Chairman. The position of Assistant General Secretary was not filled on a temporary basis. The Claimants allege, and the Association accepts, that this meeting was not quorate in accordance with rule 18 of the rules of the Association.
20. Mr O’Friel and Mr Weatherhead had both taken with them to this meeting letters of resignation from their positions as officers of the Association. Mr Weatherhead’s letter was dated 21 January and signed on 22 January. Mr O’Friel’s letter was dated 22 January. Both letters were handed to the Association on the afternoon of 23 January.
21. The Burnside report was completed on 1 April 2010. It was prepared on the basis of the available documentation, without those concerned being interviewed. It concluded that those implicated by Mr Sleight should be called to disciplinary

hearings at which they could defend their position. It also made other recommendations about the constitution and conduct of the Association.

22. Mr O’Friel wrote to my office on 9 April 2010, making various complaints against the Association.
23. On 17 April 2010 Mr Witticombe wrote to both Mr Weatherhead and Mr O’Friel calling them to a disciplinary hearing on 28 April at a hotel in Leeds. Mr Weatherhead was to face six charges and Mr O’Friel two charges.
24. Mr Weatherhead did not receive the letter intended for him until the disciplinary hearing had taken place on 28 April 2010. He had gone on holiday abroad before the letter was delivered and returned from holiday on 4 May.
25. Mr O’Friel wrote to Mr Witticombe on 22 April seeking a postponement of his disciplinary hearing. He stated that the date and location were not acceptable to him for reasons beyond his control. When a postponement was not granted, Mr O’Friel wrote again to Mr Witticombe on 25 April, repeating that the date and location were not acceptable for reasons outwith his control. He added that it would not be unreasonable for his employer to refuse him time off rostered duties at such short notice and it was unlikely that he would be given special leave. He also stated that he did not have the financial capability of financing such a trip as a result of the Association not having previously paid his expenses.
26. The disciplinary hearings both took place on 28 April 2010, in the absence of both Mr Weatherhead and Mr O’Friel. The panel consisted of Mr Witticombe, together with two members of the NGC, Mr Bernard Peacher and Mr Barry Brown. The panel upheld both of the charges against Mr O’Friel and all but one aspect of the charges against Mr Weatherhead.
27. On 1 May 2010, the NGC accepted the recommendation of the disciplinary panel that both Mr Weatherhead and Mr O’Friel should be expelled. On 3 May Mr Witticombe wrote letters to both members informing them of their expulsion from the Association.
28. On 26 May 2010 Mr Weatherhead wrote to my office making various complaints against the Association.
29. There is a dispute as to whether Mr O’Friel and Mr Weatherhead appealed against the decision to expel them from the Association. Mr O’Friel and Mr Weatherhead maintained that they did appeal but the Association maintains that it received no notification of any such appeal. There was no complaint before me which required me to adjudicate on this point.
30. In October 2010 the Association held an ADC at which Mr Witticombe was elected as the General Secretary and Mr Norton was elected as Finance Officer. No candidate came forward for the position of Assistant General Secretary. No other positions were due for election at that time.

Consideration and Conclusions

Preliminary matter

33. There is a dispute between the parties as to what are the correct rules to be applied in this case. The claimants asserted that the correct rules are those that were adopted in 1997. The Association asserted that the 1997 rules had been amended at an ADC in 2008 and that the 2008 version had been held out as being the rules of the Association since then.
34. The Association argued that Mr Weatherhead and Mr O’Friel had given the 2008 version of the rules to various people and had attached them to the Annual Returns to my office in 2008 and 2009. Mr Weatherhead and Mr O’Friel strongly denied having held out to anyone that the 2008 version was ever in force and gave evidence that they were unaware that the wrong rules had been attached to the Association’s annual returns in 2008 and 2009. They maintained that a variation of the 1997 rules had been discussed at the meeting of the Management Board prior to the ADC in 2008 but that no agreed position was reached which could be put to the ADC the following day for adoption. They stated that no variation was agreed at the ADC held in 2008.
35. Rule 21 of the rules of the Association provides that the rules can only be altered or added to by resolution of the ADC.
36. The only evidence that the rules were amended in 2008 came from Mr Boothman. However, he was unable to state categorically that he remembered them being amended at the ADC in 2008. He stated only that he “believed” they had been amended then, commenting that he had only just been elected as Chairman and his recollection of the meeting was “a bit hazy”. On the other hand, Mr Weatherhead and Mr O’Friel gave firm and credible evidence that no such resolution was approved at the 1998 ADC, especially having regard to the failure to reach an agreed position at the Management Board the previous evening. I also consider it relevant that the Association did not produce in evidence any documentary record of the resolutions approved at the ADC in 2008. Curiously, the Association stated that it did not keep minutes of any ADC. However, I accept Mr Weatherhead’s evidence that the Administrative Officer had the practice of keeping a note of the resolutions approved, that a briefing paper was sent to members informing them of any resolutions approved and that similar information appeared in the Association’s

journal, Ambulance Assessment, and on its website. The Association produced none of this material in support of its assertion that the rules of the Association were amended at the ADC in February 2008.

37. On the above evidence, I find, on the balance of probabilities, that there were no amendments to the 1997 rules of the Association made at the ADC in 2008 and that accordingly the rules according to which these complaints are to be decided are the 1997 rules.
38. I now turn to deal individually with each of Mr O’Friel’s complaints.

The Individual Complaints

Complaint One

39. Mr O’Friel’s first complaint is as follows:
“On three occasions namely on or around the 15th November 2009, 23rd January and 28th April 2010 the union breached its rule 13.10 by failing to adhere and take cognisance of this rule.”
40. Rule 13.10 of the rules of the Association provides as follows:
“At all times, the disciplinary procedure will operate within the guidelines as set out above and, in line with the interests of natural justice.”
41. It was agreed at the hearing that this complaint would succeed or fail, depending on whether Mr O’Friel succeeded in establishing any other of the complaints he made of a breach of rule 13.
42. I find below that Mr O’Friel’s complaint of a breach of rule 13.4.2 succeeds and accordingly I find that his complaint of a breach of rule 13.10 succeeds, but only as regards the conduct of the disciplinary hearing on 28 April.
43. For the above reasons I declare that the Association breached its rule 13.10 on or about 28 April 2010 by failing to operate its disciplinary procedure within the guidelines as set out in rule 13.

Complaints Two, Three and Four

44. Mr O’Friel’s second, third and fourth complaints are as follows:
- Complaint 2**
“That on or around the 15th November 2009, the original date of Mr Weatherhead’s suspension as the elected General Secretary, and on the 23rd January 2010, the date on which his suspension was continued, the union breached its rule 13.3.2, because it did not instigate an investigation with expediency, nor was a written report sent to the Administrative Officer David Lake and one other member of the National Governing Council, within 14 days or at all.”
- Complaint 3**
“That on or around the 23rd January 2010, the date on which the union suspended Mr O’Friel the elected Assistant General Secretary, the union breached its rule 13.3.3 by enacting Stage 2 of the Disciplinary Procedure, on the

basis that the Administrative Officer and one other member of the Association had agreed there was sufficient grounds for complaint."

Complaint 4

"That on or around the 23rd January 2010, the date on which the union suspended Mr O'Friel the elected Assistant General Secretary, the union breached its rule 13.3.1 because the union failed to appoint one of the NGC to carry out an initial investigation."

45. The relevant rules of the Association provide as follows:

"13.3.1 One of the National Governing Council of the Association shall be appointed to carry out an initial investigation of the charge."

"13.3.2 The investigation should be carried out with expediency and a written report submitted to the Administrative Officer plus one other member of the Association within 14 days."

"13.3.3 If they agree there are sufficient grounds of complaint, then Stage 2 shall then be enacted by the Administrative Officer."

46. Mr O'Friel maintained that the Association took disciplinary action against him by suspending him as Assistant General Secretary on 23 January 2010. He argued that in doing so the Association should have followed rule 13 of its rules. On this basis, he maintained that the Association should have appointed one of the NGC to carry out an initial investigation of the charge (Rule 13.2.1 – Complaint 4) that any such investigation should have been carried out with expediency and a written report submitted to the Administrative Officer plus one other member of the Association within 14 days (rule 13.3.2 – Complaint 2) and that, if they had agreed that there were sufficient grounds for a complaint, then stage 2 should have been enacted by the Administrative Officer (rule 13.3.3 – Complaint 3). Mr O'Friel argued that the Association took none of these steps and were therefore in breach of rule 13.3.
47. During the course of Mr O'Friel's submissions on those complaints which concern the events of 23 January 2010, he made frequent reference to the disciplinary action instituted against him by a letter dated 17 April 2010 and expressed himself as being confused between the events of 23 January and 17 April. In these circumstances, I considered whether to amend his second, third and fourth complaints so as to refer to the 17 April 2010, rather than 23 January 2010. Mr Cavalier-Jones strenuously objected to any such amendment being allowed. I considered the extensive correspondence between my office and Mr O'Friel which attempted to ascertain the precise complaints he wished to bring and his clear acceptance of the final wording as appears in the complaints. In all the circumstances, I find that the complaints as put to the Association should not be amended to reflect the way Mr O'Friel wished to put his case at the hearing.
48. Mr Simon Cavalier-Jones, for the Association, argued that Mr O'Friel had not been suspended but had resigned. He further argued that the difficulties faced by the Association had been the subject of extensive investigation and that the Administrative Officer, Mr Lake, had himself been implicated by Mr Sleight. Furthermore, Mr Cavalier-Jones submitted that the suspension of Mr O'Friel was

not disciplinary, but was protective, so as to allow further investigation. He argued that accordingly rule 13 had not been engaged on the facts of this case. On the other hand, he accepted that, if rule 13 was engaged, the Association had not operated any of the disciplinary provisions prior to the meeting at the NGC on 23 January 2010.

49. In my judgement, the Association did purport to suspend Mr O’Friel from his position as Assistant General Secretary on 23 January 2010, even though it was only a matter of hours later that he resigned from that position. I find, however, that this purported suspension was not a disciplinary act which engaged rule 13 of the rules of the Association but was a precautionary or protective measure to enable the subsequent investigation to be carried out without any appearance that the officers concerned might interfere. Indeed, Mr Weatherhead withdrew his equivalent complaint as he agreed that his suspension in November 2009 was protective, not disciplinary. As I find that rule 13 was not engaged at the time of Mr O’Friel’s purported suspension on 23 January 2010, I find that there were no breaches on or about that date of rules 13.3.1, 13.3.2 or 13.3.3. I comment, however, that the meeting of the NGC on that date is now accepted as having been not quorate and accordingly Mr O’Friel’s suspension would not have survived scrutiny if its legality had been separately challenged.
50. For the above reasons, I refuse to make the declarations sought by Mr O’Friel in his second, third and fourth complaints.

Complaint Five

51. Mr O’Friel’s fifth complaint is as follows:
“That on 28th April 2010 the union breached its rule 13.4.2 by not appointing a Disciplinary Panel consisting of a Trustee to chair the panel and one other member of the National Governing Council not known to Mr O’Friel or the parties being investigated.”
52. Rule 13.4.2 of the rules of the Association provides as follows:
“A disciplinary panel shall be appointed consisting of: a trustee, who will Chair the panel, a member of the National Governing Council, and an officer of the Association who is not known to the member being investigated.”
53. Mr O’Friel submitted that the disciplinary panel which heard the charges against him was composed of Mr Witticombe, the Acting General Secretary and two members of the NGC who were known to him. He argued that this composition was in breach of rule 13.4.2 in two respects. First, he submitted that as Mr Witticombe was only the Acting General Secretary, he could not become an actual trustee of the Association and so there was no trustee present on his disciplinary panel. Secondly, he submitted that both Mr Peacher and Mr Brown were known to him and so were disqualified from taking the third place on the panel. He maintained that the Association had other officers, outside the NGC, who could have been called upon to take this third position. In Mr Weatherhead’s evidence, he referred to a Ms Susan May in the South Central Region who was unknown to Mr O’Friel. Mr O’Friel further relied on rule 6.4 as indicating that there were officers other than those on the NGC, specifically Lay Field Officers.

54. Mr Simon Cavalier-Jones, for the Association, submitted that Mr Witticombe was qualified to chair the disciplinary panel as, upon being appointed as Acting General Secretary, he also became an actual trustee of the Association. He stated that the Association had received legal advice to this effect. Mr Cavalier-Jones further submitted that there were no officers of the Association other than those defined in rule 6.2 or on the NGC and that Mr O’Friel knew each such person. He concluded that in these circumstances, the logic of Mr O’Friel’s submission was that it would be impossible to constitute a disciplinary panel in a case against a member of the NGC and that this could not have been the intended effect of the rule. Mr Cavalier-Jones submitted that the persons chosen to sit on the disciplinary panel were those with no prior engagement with the investigation and that the Association had therefore done all it could to abide by the spirit of the rule. The Association had made what he said was a practical adjustment.
55. The issue as to whether someone other than a person described in the trust instrument can be an actual or constructive trustee is a matter of trust law. No legal arguments based on trust law were advanced to me. However, having regard to the legal advice obtained by the Association and the need for the Association to have trustees, I am persuaded that Mr Witticombe became an actual trustee of the Association upon the suspension and later resignation of Mr Weatherhead and Mr Whitticombe’s appointment as Acting General Secretary. I make this finding with reservations and subject to legal argument should this issue come before me in a later case.
56. I turn now to consider whether the disciplinary panel included an officer of the Association not known to Mr O’Friel. The panel was plainly defective in this regard. Mr O’Friel knew all three members of the panel. However, Mr Cavalier-Jones invited me not to adopt a literal approach to this rule on the grounds that it would then be impossible to discipline a member of the NGC. I reject this invitation as I am satisfied, on the balance of probabilities, that there are Lay Field Officers of the Association, in particular Ms Jones, who could have been called upon. Mr Cavalier-Jones stated that he was unaware of the existence of any such Field Officers and that the Association holds no such information. However, given Mr Cavalier-Jones’ relatively recent involvement with the Association and the nature of his involvement, I place little weight on his knowledge or otherwise of the affairs of the Association at local level. On the other hand, Mr Weatherhead stated that, as General Secretary for 9 years, he knew that there were Lay Field Officers representing members all around the country and was still able to name one in his region. Having regard to rule 6.4 and the evidence of Mr Weatherhead, I accept, on the balance of probabilities, that other Lay Field Officers could have been found to sit on the panel and do not accept the argument of “impossibility” advanced by Mr Cavalier-Jones.
57. For the above reasons I make the declaration sought by Mr O’Friel that on the 28 April 2010 the Association breached its rule 13.4.2 by the disciplinary panel it appointed not being properly constituted.

Complaint Six

58. Mr O’Friel’s sixth complaint is as follows:
“That on 28th April 2010 the union breached its rule 13.4.5, by failing to give proper and genuine consideration to Mr O’Friel’s request for an alternative hearing date and/or to propose an alternative hearing date which could be mutually agreed by Mr O’Friel and the union.”
59. Rule 13.4.5 of the rules of the Association provides as follows:
“The Hearing shall be held within 14 days from the Administrative Officer’s decision to proceed with the Hearing unless an extension is mutually agreed by both parties.”
60. Mr O’Friel submitted that the Association had unreasonably refused his request for a postponement of the hearing set for 28 April 2010 and that in these circumstances he had not failed to attend the hearing.
61. Mr Cavalier-Jones, for the Association, submitted that Mr O’Friel had not supplied sufficient grounds to support his application for a postponement and that accordingly the Association was well within its rights to refuse his application. Mr Cavalier-Jones further noted that the rule provides that the original date set for a hearing should stand unless an extension was mutually agreed. He argued that, in this case, there was no mutual agreement for an extension.
62. The terms of rule 13.4.5 do not support the complaint that Mr O’Friel seeks to make. I find that there was no obligation imposed on the Association by rule 13.4.5 which was breached on the facts of this case. I nevertheless find that it is implicit in rule 13.4 that any application for a postponement of a disciplinary hearing will not be rejected perversely by the Association; that is for a reason for which no reasonable union could reject such an application. On the facts of this case, however, I find that the Association’s rejection of Mr O’Friel’s application was not perverse. Mr O’Friel did not state the reason why he could not attend the disciplinary hearing, other than that it was a reason beyond his control. It also appears that he had not even applied to his employer for special leave or, indeed, annual leave. I find that the refusal of such an application was open to the Association, acting reasonably.
63. For the above reasons I refuse to make the declaration sought by Mr O’Friel that on 28 April 2010 the Association breached its rule 13.4.5 by failing to give proper and genuine consideration to his request for an alternative hearing date and/or to propose an alternative hearing date which could be mutually agreed by the Claimant and the Association, as alleged.

Complaint Seven

64. Mr O’Friel’s seventh complaint is as follows:
“That on 23rd January 2010 the union breached its rule 18 by its National Governing Council purporting to take a decision when it was not quorate; namely, its purported decision to continue the suspension of the elected General Secretary and implement the additional suspensions of Mr O’Friel and Mr Boothman.”

65. Rule 18 of the rules of the Association provides as follows:
"In all matters, this Association recognises a quorum as being one more than half of those in post and entitled to vote."
66. It was accepted by the Association that the NGC which purported to suspend Mr O'Friel and Mr Boothman on 23 January 2010 was not quorate. However, I do not find that the NGC made a separate decision on 23 January to continue the suspension of Mr Weatherhead.
67. Accordingly I make the declaration sought by Mr O'Friel in this complaint, limited to the suspension of himself and Mr Boothman.

Complaint Eight

68. Mr O'Friel's eighth complaint is as follows:
"That on or around the 28th April 2010 the union breached its rule 17.1, by failing to initiate a full postal ballot of its membership for the position of Assistant General Secretary when this was required as a result of the union's expulsion of the elected Assistant General Secretary, Mr O'Friel."
69. Rule 17.1 of the rules of the Association provides as follows:
*"Full postal ballots of the membership shall be undertaken when:-
17.1 the election of nationally elected officers is required."*
70. Mr O'Friel submitted that the Association should have immediately called an election for the position of Assistant General Secretary when he was expelled as a member on 28 April 2010. He further argued that the period between 28 April and the elections in October 2010 was excessive.
71. Mr Cavalier-Jones, for the Association, stated that the Association held elections for the position of Assistant General Secretary in October 2010, which elections could have resulted in the appointment of an Assistant General Secretary but no candidate came forward for this position. He submitted that the period between April and October 2010 was reasonably quick in all the circumstances.
72. Mr O'Friel again appeared confused over dates. He had resigned from the position of Assistant General Secretary on 23 January 2010 and his case, at its highest, was that there was no election for a period of about 9 months. I find however that rule 17.1 does not require the immediate election of an officer in the case of the unexpected resignation or, indeed, death of the incumbent. The rule must be read as allowing a reasonable period for such an election to be held. I find on the facts of this case that the Association did call an election for the position of Assistant General Secretary within a reasonable period, certainly within a reasonable period of 28 April 2010, as is the complaint made by Mr O'Friel.
73. For the above reasons, I refuse to make the declaration sought by Mr O'Friel in his eighth complaint.

Complaints Nine, Ten, Eleven and Twelve

74. The relevant complaints are as follows:

Complaint 9

"That from the 23rd January 2010, and ongoing, the union has been and continues to be in breach of its rule 6.2.1, by having an unelected person in the position of chairman and trustee."

Complaint 10

"That from the 23rd January 2010, and ongoing, the union has been and continues to be in breach of its rule 6.2.2, by having an unelected person in the position of acting general secretary and trustee."

Complaint 11

"That from the 23rd January 2010, and ongoing, the union has been and continues to be in breach of its rule 6.2.3, by having an unelected person in the position of assistant general secretary and trustee."

Complaint 12

"That from the 23rd January 2010, and ongoing, the union has been and continues to be in breach of its rule 6.2.4, by having an unelected person in the position of finance officer."

75. The relevant rules of the Association provide as follows:

"6.2 The nationally elected Officers of the NGC must have served at least six months on the NGC prior to their election and shall be the:-

Chairman (3 years)

General Secretary (5 years)

Assistant General Secretary (3 years)

Finance Officer (5 years) and

Administrative Officer (3 years)"

Rule 6.2.1 provides that the Chairman shall amongst other things act as a trustee of the Association. Rule 6.2.2 provides similarly for the General Secretary. Rule 6.2.3 provides similarly for the AGS. Rule 6.2.4 provides similarly for the Finance Officer.

76. Mr O'Friel submitted that the positions of Chairman, General Secretary, Assistant General Secretary and Finance Officer were not immediately filled after 23 January 2010 and that this caused there to be a breach in the relevant rule. He argued that to appoint people in an "acting" capacity was not sufficient as such persons could not become trustees of the Association. He observed that by rule 6.2.3(e) only the Assistant General Secretary became a trustee when called upon to "act-up" for the General Secretary.

77. Mr Cavalier-Jones for the Association, submitted that the Association had moved with reasonable speed in holding elections for the position of General Secretary, Assistant General Secretary and Finance Officer but that it would have been inappropriate to hold an election for the position of Chairman as the incumbent had only been suspended on 23 January 2010 and his suspension was revoked in August 2010.

78. I have found above, in Mr O’Friel’s fifth complaint, that on the proper construction of the Association’s rules a person appointed to act in the position of a nationally elected officer for a temporary period to cover an unexpected emergency assumes all the attributes of that position, including that of trustee. I have also found above, in Mr O’Friel’s eighth complaint, that the period between the resignation of both himself and the General Secretary and the holding of elections in October 2010 was not unreasonable. The position of Finance Officer remained unfilled by an elected officer from March 2009 to October 2010. I find that this is an unusually long period but it was not unreasonably long in the circumstances of this case, having regard in particular to the difficulties being experienced by the Association in holding an ADC over this period. The position of Chairman did not become vacant during the suspension of Mr Boothman and it would therefore have been improper to hold an election for that position during his suspension.
79. For the above reasons, I refuse to make the declaration sought by Mr O’Friel in his ninth, tenth, eleventh and twelfth complaints.

Complaint Thirteen

80. Mr O’Friel’s thirteenth complaint is as follows:
“That on the 23rd January & 28th April 2010, the union breached its rules 8.1 & 8.4 by holding Management Board meetings which did not consist of officers elected in accordance with the rules in the following capacities, Chairman, General Secretary and Finance Officer and there were no trustees or properly appointed trustees at this meeting.”
81. The relevant rules of the Association provide as follows:
*“8.1 The Management Board of the Association shall consist of the:
Chairman,
General Secretary,
Finance Officer,
Administrative Officer in a non-voting capacity and
2 members from the NGC, elected every 2 years by the NGC.”*

“8.4 It shall meet at least three times per year at which at least two trustees shall be present.”
82. Consistent with Mr O’Friel’s above complaints, he submitted that if the Management Board met, it was not properly constituted.
83. On the uncontested evidence before me I find that the Management Board did not meet on 23 January and 28 April 2010. However, even if it had met, as Mr O’Friel alleged, I would have found, consistent with my above findings, that those performing in an “acting-up” capacity were entitled to sit on the Management Board.
84. For the above reasons I refuse to make the declaration sought by Mr O’Friel in his thirteenth complaint.

Complaint Fourteen

85. Mr O’Friel’s fourteenth complaint is as follows:
“That to date the union has breached rule 12.5, by failing to hold an Annual Delegate Conference within the specified time frame stated in rule 12.5, the last recorded annual delegate conference was February 2008.”
86. Rule 12.5 of the rules of the Association provides as follows:
“12.5 The date of the ADC shall be chosen by the NGC, but it shall not be more than one year and one month from the last ADC.”
87. It was established in evidence that an ADC was held in Guernsey in November 2006. I was also informed that the ADC planned for November 2007 was postponed to February 2008, at which it had been anticipated that the 1997 rules would be considered for amendment. I was told that this issue was adjourned to the next ADC, which was planned for February 2009. The proposed ADC in 2009 did not take place on the grounds of lack of participants and finance. A further ADC was planned for 6/7 November 2009, whilst the police were investigating Mr. Sleight, but was cancelled. The next ADC was held in October 2010. Accordingly, it was common ground that there was no ADC held between February 2008 and October 2010, a period of 2 years and 8 months.
88. Accordingly, I find that the Association was in breach of rule 12.5 by failing to hold an ADC within one year and one month from the date of the last ADC.
89. For the above reasons, I make the declaration sought by Mr O’Friel in his fourteenth complaint.

Enforcement Orders

90. Mr O’Friel did not request an Enforcement Order and I do not find it appropriate to make one.
