The list is detailed, but interviewers should not probe for relationships that are not volunteered or queried by respondents. The full relationships grid, showing relationship of each household member to all the others, will enable the computation of units within the household, such as family units and benefit units. Coding of such units directly by interviewers is error prone and it is difficult to correct errors later in the office.
Notes
* Includes same-sex couples who are not in a registered civil partnership. Treat relatives of cohabiting couples in the same way as relatives of spouses.
** Treat relatives of Civil Partners in the same way as relatives of spouses.

You may want to introduce this section. A possible introduction is:
 "There are a lot of changes taking place in the make-up of households/families and this section is to help find out what these changes are. I'd like you to tell me the relationship of each member of the household to every other member."
The section must be asked for all households consisting of more than one person. Please ask in every case. You should not make assumptions about any relationship.
Treat relatives of cohabiting members of the household (both opposite and same sex) as though the cohabiting couple were married, That is, the mother of a partner is coded as mother-in-law. Other relatives include cousins, nieces, nephews, aunts and uncles.
You should probe on this question, but be sensitive. It may be that someone described as a 'son' or 'brother' earlier is actually a stepson or half-brother. Where possible, we want to know the true relationship. If you have doubts about any relationship, record as much information as possible to allow changes to coding later if appropriate.
Half brothers/sisters should be coded with step-brothers/sisters.

houses in the terrace.
Houses which are joined only by a garage (link-detached) should be coded as detached.

SHOW CARD 2
Do you (or your household) own or rent this accommodation?
1.   Own outright
2.   Buying it with the help of a mortgage or loan
3.   Part own and part rent (shared ownership)
4.   Rent it (includes all those who are on Housing Benefit or Local Housing Allowance)
5.   Live here rent-free (including rent-free in relative's/friend's property; excluding squatting)
6.   Squatting

Helpscreen:
This question is asking for the formal legal tenure of the HRP's household. If, for example, the HRP is a widow living in a house bought by her son (in his name) who is living elsewhere, she should be coded as living rent-free even though she may regard herself as an owner-occupier. Similarly, a household which is paying a contribution to upkeep but not a formal rent should be coded as rent-free. This could arise, for example, if a parent lived in a granny-flat as a separate household but paid a contribution to general expenses
Owners
Only code people as mortgagors if they have a mortgage for buying their home. Some people who have paid off their mortgage and are effectively outright owners make an arrangement with the lender to continue to pay a small amount of 'mortgage' as payment for the lender for keeping the deeds. They should be coded as outright owners.

People who own their home with a lease are counted as owners. It does not matter that they pay ground rent. Similarly people who own their own home under the new Commonhold tenure (see below) are also counted as owners.

Shared owners
Shared ownership means partly owning (or buying with a mortgage) and partly renting the property, so that, if the person moves, he/she will get some of the proceeds from the sale of the property,

according to how much of the original cost has been paid off. Include people who have paid off the mortgage portion. People with shared ownership arrangements are treated as owner-occupiers in the interview. They are not local authority/housing association tenants even if their arrangement is with a local authority/housing association. Owners who pay a service charge but not rent should be counted as owners, not shared owners.

Rent free
People who live rent free do not always regard themselves as doing so, so particular care is needed in dealing with such cases.

The following types of case have caused problems. The correct coding is in brackets:
- Someone living in a 'granny-flat' owned by her son in his name (private renter living rent-free).
- Someone living in the property of a deceased partner which is held in trust (private renter living rent-free).
- A divorced/separated woman living in the house owned solely by her ex-partner who no longer lives there (rent-free if owned only in partner's name; owner if the house is owned in the name of both partners)

Sometimes respondents think they live rent-free when they do not e.g. people on full housing benefit who do not pay any rent to the landlord themselves because housing benefit is paid directly by the Department for Work and Pensions (DWP) formerly the Department of Social Security.

Tied accommodation
People in tied accommodation should be coded here as renters (code 4) or rent-free (code 5), depending on whether or not they pay any rent. This group includes people whose accommodation goes with their job e.g. Church of England employees, caretakers, army personnel, council tenants whose accommodation goes with their job, some farmers. People in tied accommodation are classified as private renters, irrespective of who they are renting from.

Unusual schemes/arrangements
Co-ownership: this is the joint ownership of residential properties (e.g. blocks of flats) by a group of people who have formed a registered co-ownership society. These schemes started in the 1970s but new legislation was passed in the 1980s so that there should not be any more.

Housing co-operatives: code as renting from a housing association (code 4 here, and code 2 at "Who is your landlord?" below)

Commonhold: a new form of land ownership in England and Wales, created by Part 1 of the Commonhold and Leasehold Reform Act 2002. It combines freehold ownership of a unit in a larger development with membership of a commonhold association that owns and is responsible for the management and upkeep of the common parts of the development. Commonhold is an alternative to long leasehold ownership of flats and other interdependent properties.

Housing Action Trusts: these are set up by local authorities and the properties rented are still owned by local authorities; their tenants are renting from a local authority.

Rents to Mortgages scheme: these are schemes available to council tenants whereby a tenant has the right to buy a share of their home for roughly the same price as the rent. These should be coded as shared owners here and "local authority" at type of landlord (below).

Private Sector Leasing: the Council leases private property for several years and lets it out to tenants. The landlord is the immediate landlord, which is the local authority.

Home Income Plans and Retirement Home Plans: these are where outright owners raise a loan on the security of the house for a regular income. They should be coded as outright owners.

Schemes for Mortgage defaulters: in these cases the property reverts to the lender and a rent is paid instead of a mortgage. Code as renters

EDUCATION, PAID WORK AND JOURNEY PLANNING

BILO / QTILO.INC

ASKED OF EACH PERSON AGED 16 OR OVER IN TURN (DVage=>16)

EdAttn1
I would now like to ask you a few questions about your education and employment.
Do you have any educational qualifications for which you received a certificate?
1. Yes
2. No

Helpscreen:
If the respondent is unsure, then educational qualifications are usually obtained at school, college or university. Respondent need not have the certificate in their possession NOW - just must have received one once.

EdAttn2
Do you have any professional, vocational or other work-related qualifications for which you received a certificate?
1. Yes
2. No

Helpscreen:
Respondent need not have the certificate in their possession NOW - just must have received one once.

EdAttn3
NAME
Was your highest qualification....
1. at degree level or above
2. or another kind of qualification?

Helpscreen:
Do not attempt to give any guidance, or express any opinion of your own about any of the terms used. If respondents say they are unsure what counts as a 'certificate' or 'degree-level' (or any other term), reassure them that we would like them to make their own best judgement of how to answer.

ASK ALL
Wrking
NAME
Did you do any paid work in the 7 days ending Sunday the [date of last Sunday], either as an employee or as self-employed?
1. Yes
2. No

Helpscreen:
Take respondent's definition, but it must be PAID work. PAID WORK means ANY work FOR PAY OR PROFIT done in the reference week, including Saturday jobs, casual work (eg baby-sitting, running a mail order club, etc.) children with a paper round etc, even though they may still be at school, work by 'retired'.
Include self-employed people if they work in their own business, professional practice, or farm for the purpose
of earning a profit.

Exclude nurses in training under Project 2000 and other student nurses.

IF respondent did not do any paid work and aged less than 65 (Wrking = 2 and DVAge<65)
SchemeET
NAME
Were you on a government scheme for employment training?
1. Yes
2. No

IF respondent was not on a government training scheme OR not working and aged more than 62 if female or more than 64 if male (SchemeET = 2 or (Wrking=2 and DVAge>=63/65))
JbAway
NAME
Did you have a job or business that you were away from?
1. Yes
2. No
3. Waiting to take up a new job/business already obtained

Helpscreen:

Only code YES if there is definitely a job to return to.

Take the respondent's definition of whether they are in paid work or not. If they are unsure:
a job exists if there is a definite arrangement between an employer and an employee for work on a regular basis, whether work is full or part time.

Long term absence from work, except career breaks: if total absence exceeds 6 months, a person has a job only if full or partial pay has been received during
absence and they expect to return to same employer.

Career breaks - as above except pay not necessary.

Seasonal workers 'between seasons' (ie not currently working) should be coded 2. (Note, the odd week of sick leave during the working season should be treated the
same as in other work, and coded 1.

Casual workers - code No even if expect to work for employer again in future.

IF respondent was not away from a job or business OR was waiting to take up a new job (JbAway = 2 OR 3)
OwnBus
NAME
Did you do any unpaid work in that week for any business that you own?
1. Yes
2. No

Helpscreen:

IF not doing any unpaid work for own business (OwnBus = 2)
RelBus
NAME
...or that a relative owns?....
1. Yes
2. No

Helpscreen:
 The people we expect to answer Yes here are those whose work contributes directly to a business, farm, or professional practise OWNED BY A RELATIVE, but who receive no pay or profits (e.g. a wife doing her
husband's accounts or helping with family business).
EXCLUDE unpaid voluntary work done for charity etc.

Helpscreen:
'Looked for paid work' may cover a wide range of activities and you should NOT try to interpret the phrase for the respondent.
Looking in the paper for vacancies is an active form of search.
Looking for work on government scheme requires an approach to the agency.

IF respondent was looking for a job or waiting to take up a new job or business already obtained (Looked=1 or 3, OR JbAway= 3)

Helpscreen:
We are interested in the size of the local unit of the establishment at which the respondent works but we only want the number of employees working for the **same employer** as the respondent. Thus at sites shared by several organisations we would not include all employees - just those working for the respondent's employer. The 'local unit' is considered to be the geographical location where their job is mainly carried out. Normally this will consist of a single building, part of a building, or at the largest a self-contained group of buildings.

It is the total number of employees at the respondent's workplace that we are interested in, not just the
number employed within the particular section or department in which he/she works.

If a respondent works from a central depot or office (e.g. a service engineer) base, then the answer is the number of people who work at or from the central location. Note that many people who work 'from home' have a base office or depot that they communicate with. It may even be true of some people who work 'at home' (e.g.

telecommuter who retains a desk or some minimal presence in an office). If in doubt, accept the respondent's view of whether or not there is a wider establishment outside the home that they belong to for work purposes.

For self-employed people who are subcontracted for any significant (respondent's definition) length of time to work in a particular place (e.g. building site), that is their place of work.

IF respondent was/is self employed (Stat = 2)

-Any partners in a partnership (as they would also be self employed)

For self-employed people who are subcontracted for any significant (respondent's definition) length of time to work in a particular place (e.g building site) that is their place of work.
