### Application for an environmental permit Part A – About you

You will need to fill in this part A if you are applying for a new permit, applying to change an existing permit or want to transfer an existing permit to yourself. Please check that this is the latest version of the form available from our website.

Please read through this form and the guidance notes that came with it. Please write clearly in the answer spaces.

**Note:** if you believe including information on a public register would not be in the interests of national security you must tick the box in section 5 of F1 or F2 and enclose a letter telling us that you have told the Secretary of State/Welsh ministers. We will not include the information in the public register unless directed otherwise. It will take less than one hour to fill in this part of the application form.

Where you see the term 'document reference' on the form, give the document references and send the documents with the application form when you've completed it.

### 1 About you

Are you applying as an individual, an organisation of individuals (for example, a partnership), a company (this includes Limite	ed
Liability Partnerships) or a public body?	

 $\square$ 

 $\square$ 

An individual

An organisation of individuals (for example, a partnership)

A public body

A registered company or other corporate body

### 2 Applications from an individual

### 2a Please give us the following details

Name

Title (Mr, Mrs, Miss and so on)

First name

Last name

Date of birth (DD/MM/YYYY)

Now go to section 6

### 3 Applications from an organisation of individuals

### 3a Type of organisation

For example, a charity, a partnership, a group of individuals or a club

### 3b Details of the organisation

If you are an organisation of individuals, please give the details of the main representative below. If relevant, provide details of other members (please include their title Mr, Mrs and so on) on a separate sheet and tell us the document reference you have given this sheet.

Contact name

Title (Mr, Mrs, Miss and so on)

#### 8 How to contact us

If you need help filling in this form, please contact the person who sent it to you or contact us as shown below.

General enquiries: 03708 506 506 (Monday to Friday, 8am to 6pm)

Textphone: 03702 422 549 (Monday to Friday, 8am to 6pm)

Email: enquiries@environment-agency.gov.uk

Website: www.environment-agency.gov.uk

If you are happy with our service, please tell us. It helps us to identify good practice and encourages our staff. If you're not happy with our service, please tell us how we can improve it.

# Please tell us if you need information in a different language or format (for example, in large print) so we can keep in touch with you more easily.

#### Feedback

(You don't have to answer this part of the form, but it will help us improve our forms if you do.)

We want to make our forms easy to fill in and our guidance notes easy to understand. Please use the space below to give us any comments you may have about this form or the guidance notes that came with it.

How long did it take you to fill in this form?	
We will use your feedback to improve our forms and guidance notes	s, and to tell the Government how regulations could be
made simpler.	
Would you like a reply to your feedback?	
Yes please

### Application for an environmental permit Part B2 – General – new bespoke permit

Fill in this part of the form together with parts A, F1 or F2 if you are applying for a new bespoke permit. You also need to fill in part B3, B4, B5, B6, or B7 (this depends on what activities you are applying for). Please check that this is the latest version of the form available from our website.

Please note we cannot issue your permit for a relevant waste operation or mining waste facility until you have an appropriate planning consent. Please look at the guidance for this part for more information.

Please read through this form and the guidance notes that came with it. Please write clearly in the answer spaces.

#### **1** About the permit

#### 1a Customer reference number

What is your customer reference number?

If you do not have a customer reference number, leave this blank.

The customer reference number is a unique identification number which tells us who you are. It is always made up of one letter and nine numbers in this order A111111111.

#### 1b Discussions before your application

If you have had discussions with us before your application, give us the case reference or details on a separate sheet. Tell us below the reference you have given this extra sheet.

Case or document reference

#### 1c Is the permit for a site or for mobile plant?

Site	
Mobile	plant

Now go to section 2

Now go to question 1d

Note: The term 'mobile plant' does not include mobile sheep dipping unit.

#### **Mobile plant**

# 1d Have we told you during pre-application discussions that we believe that a mobile permit is suitable for your activity?

No 🗌

Yes 🗌

#### 1e Have there been any changes to your proposal since this discussion?

No 🗌 Now go to section 3

Yes 🗌 You should send us a description of the activity you want to carry out, highlighting the changes you have made since our preapplication discussions.

Document reference

Now go to section 3

It will take less than two hours to fill in this part of the application form.

#### Contents

- 1 About the permit
- 2 About the site

Non-Opra charged activity

Opra charged activity

Use several copies of this page or separate sheets if you have a long list of regulated facilities. Send them to us with your application form. Tell us below the reference you have given these extra sheets.

 $\square$ 

 $\square$ 

Document reference for the extra sheets

#### Now go to question 2d

#### 2d Low impact installations (installations only)

Are any of the regulated facilities low impact installations?

No 🗌

Yes 🗌 If yes, tell us how you meet the conditions for a low impact installation. (See the guidance notes on part B2 – Appendix 1.)

Document reference	
Tick the box to confirm you have filled in the low impact installation checklist in appendix 1 for each regulated	
facility.	

#### 2e Treating batteries

Are you planning to treat batteries? (See the guidance notes on part B2.)

No 🗌

Yes 🗌 Tell us how you will do this, send us a copy of your explanation and tell us below the reference you have given this explanation.

Document reference for the explanation

#### 2f Multi-operator installation

If the site is a multi-operator site (that is there is more than one operator of the installation) then fill in the table below the application reference for each of the other permits.

#### Table 1 – Other permit application references

#### 3 Your ability as an operator

If you are only applying for a standalone water discharge or for a groundwater activity, you only have to fill in question 3d.

#### 3a Relevant offences (for installations and waste operations only – see the guidance notes on part B2)

Have you, or any other relevant person, been convicted of any relevant offence?

No 🗌	Now go to question 3b	
Yes 🗌	Please give details below	
	Name of the relevant person	
	Title (Mr, Mrs, Miss and so on)	
	First name	L
	Last name	L
	Date of birth (DD/MM/YYYY)	L]
	Position at the time of the offence	L
	Name of the court where the case was dealt with	L
	Date of the conviction (DD/MM/YYYY)	LJ
	Offence and penalty set	
	Date any appeal against the conviction will be heard	

### 3 Your ability as an operator, continued

יעו מטונו	ity as all operator, continued	
(DD/MI	M/YYYY)	
	ssary, use a separate sheet to give us details of othe w the reference number you have given the extra sh	er relevant offences (and post conviction plans if relevant) and tell neet.
Docum	ent reference of the extra sheet	L
,	ou sent us a post conviction plan for this offence? You must send us a post conviction plan with this	application and give us the document reference below
Yes 🗌	Document reference Please give us the reference for the post conviction	n plan you have sent and the date sent in
	Post conviction plan reference	L]
	Date sent in (DD/MM/YYYY)	

# **3b** Technical ability (for specified waste management activities and waste operations only – see the guidance notes on part B2)

Please tick the scheme you are using to show you have the suitable technical skills and knowledge to manage your facility.

CIWM/WAMITAB	
ESA/EU	
Please send in a registration letter from your scheme as above	

Now go to question 3c

#### 3c Finances (for installations, waste operations and mining waste operations only)

Do you or any relevant person have current or past bankruptcy or insolvency proceedings against you?

No 🗌

Yes Delease give details below, including the required set-up costs (including infrastructure), maintenance and clean up costs for the proposed facility against which a credit check may be assessed.

We may want to contact a credit reference agency for a report about your business's finances.

#### Landfill, Category A mining waste facilities and mining waste facilities for hazardous waste only

How do you plan to make financial provision (to operate a landfill or a mining waste facility you need to show us that you are financially capable of meeting the obligations of closure and aftercare)?

Bonas		
Escrow account		
Trust fund		
Lump sum		
Other		
Provide a plan of your estimated expenditure on ea	ach phase of the landfill or mining waste facility.	

Give the document plan reference

Now go to question 3d

#### 3d Management systems (all)

You can find guidance on management systems in both 'How to Comply' and 'Horizontal Guidance Note 6 – Environmental management systems'. We have also developed environmental management toolkits for some business sectors which you can use to produce your own management system. You can get these by calling 03708 506 506 or by downloading them from our website at www.environment-agency.gov.uk.

Does your management system meet the conditions set out in our guidance?

No 🗌

<ul> <li>Please read through this form and the guidance notes that came with it. Please write clearly in the answer spaces.</li> <li>It will take less than three hours to fill in this part of the application form.</li> <li>Contents</li> <li>1 What activities are you applying for?</li> </ul>	<ul> <li>4 Monitoring</li> <li>5 Environmental impact assessment</li> <li>6 Resource efficiency and climate change</li> <li>7 How to contact us</li> <li>Appendix 1 – Specific questions for the combustion sector</li> <li>Appendix 2 – Specific questions for the chemical sector</li> <li>Appendix 3 – Specific questions for the intensive farming sector</li> <li>Appendix 4 – Specific questions for the clinical waste sector</li> <li>Appendix 5 – Specific questions for the hazardous and nonhazardous waste recovery and disposal sector</li> <li>Appendix 6 – Specific questions for the waste incineration sector</li> <li>Appendix 7 – Specific questions for the landfill sector</li> </ul>
-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

### 1 What activities are you applying for?

Fill in Table 1a below with details of all the activities listed in schedule 1 of the Environmental Permitting Regulations (EPR) and all directly associated activities (DAAs) (in separate rows) that you propose to carry out at the installation.

Fill in a separate table for each installation you are applying for. Use a separate sheet if you have a long list and send it to us with your application form. Tell us below the reference you have given the document.

Document reference

### Table 1a – Types of activities

Schedule 1 listed activities	Schedule 1 listed activities						
Installation name	Schedule 1 references (See note 1)	Description of the Activity (See note 2)	Activity capacity (See note 3)	Annex IIA or IIB (disposal and recovery) codes and descriptions	Hazardous waste treatment capacity (if this applies) (See note 3)	Non-hazardous waste treatment capacity (if this applies) (See note 3)	
Add extra rows if you need them. If you do not have enough room go to the line below or send a separate document and give us the document reference here	Put your main activity first			For installations that take waste only	For installations that take waste only	For installations that take waste only	
Directly associated activitie	es (See note 4)						
Name of DAA		Description of the DAA (ple	ase identify the schedule 1 a	ctivity it serves)			
Add extra rows if you need	them						
For installations that take waste		Total storage capacity (See note 5 below)					
	Annual throughput (tonnes each year)						

#### 1 What activities are you applying for?, continued

#### Notes

- 1 Quote the section number, part A1 or A2 or B, then paragraph and sub paragraph number as shown in part 2 of schedule 1 to the regulations.
- 2 Use the description from schedule 1 of the regulations. Include any extra detail that you think would help to accurately describe what you want to do.
- 3 By 'capacity', we mean:
  - the total incineration capacity (tonnes every hour) for waste incinerators;
  - the total landfill capacity (cubic metres) for landfills;
  - the total treatment capacity (tonnes each day) for waste treatment;
  - the total storage capacity (tonnes) for waste storage operations;
  - the processing and production capacity for manufacturing operations; or
  - the thermal input capacity for combustion activities.
- 4 Fill this in as a separate line and give an accurate description of any other activities associated with your schedule 1 activities. You cannot have DAAs as part of a mobile plant application.
- 5 By 'total storage capacity', we mean the maximum amount of waste, in tonnes, you store on the site at any one time.

#### Types of waste accepted

For those installations that take waste, for each line in Table 1a (including DAAs), fill in a separate document to list those types of waste you will accept onto the site for that activity. Give the List of Wastes catalogue code and description. If you need to exclude wastes from your activity or facility by restricting the description, quantity, physical nature, hazardous properties, composition or characteristic of the waste, include these in the document. Send it to us with your application form.

Please provide the reference for each document.

You can use Table 1b as a template.

If you want to accept any waste with a code ending in 99, you must provide more information and a full description in the document. Document reference for this extra information

#### Table 1b - Template example - types of waste accepted and restrictions

Waste code	Description of waste
Example	Example
02 01 08*	Agrochemical waste containing dangerous substances
06 01 02*	Hydrochloric acid

#### 2 Emissions to air, water and land

Fill in Table 2 below with details of the emissions that result from the operating techniques at each of your installations. Fill in one table for each installation.

#### Table 2 – Emissions (releases)

Installation name							
Point source emissions to air	Point source emissions to air						
Emission point reference and location	Source	Parameter	Quantity	Unit			
Point source emissions to water (other than sewers)							

#### 2 Emissions to air, water and land, continued

#### Table 2 – Emissions, continued

Emission point reference and location	Source	Parameter	Quantity	Unit
Point source emissions to sewers, effluent treatm	nent plants or other tran	nsfers off site		
Emission point reference and location	Source	Parameter	Quantity	Unit
Point source emissions to land	1	1	I	L
Emission point reference and location	Source	Parameter	Quantity	Unit

#### Supporting information

#### **3** Operating techniques

#### **3a** Technical standards

Fill in Table 3a for each activity at the installation you have referred to in Table 1a above and list the relevant technical guidance note (TGN) or notes you are planning to use. If you are planning to use the standards set out in the TGN, there is no need to justify using them.

You must justify your decisions in a separate document if:

- there is no technical standard;
- the technical guidance provides a choice of standards; or
- you plan to use another standard.

This justification could include a reference to the Environmental Risk Assessment provided in section 7 of part B2 (General Bespoke Permit) of the application form.

The documents in Table 3a should summarise the main measures you use to control the main issues identified in the H1 assessment or technical guidance. For each of the activities listed in Table 3a, describe the type of operation and the options you have chosen for controlling emissions from your process.

#### **3** Operating techniques, continued

#### Table 3a – Technical standards

Note: Fill in a separate table for each activity at the installation.

Installation name		
Schedule 1 activity or directly associated activity description	Relevant technical guidance note or best available techniques as described in BAT conclusions under IED (see footnote below). (You will need to refer to 'How to comply' for all permits)	Document reference (if appropriate)
	'How to comply'	

\*Directive 2010/75/EU of the European Parliament and of the Council of 24 November 2010 on industrial emissions (integrated pollution prevention and control)

If appropriate, use block diagrams to help describe the operation and process. Give the document references you use for each diagram and description.

Document reference

#### 3b General requirements

Fill in a separate Table 3b for each installation.

#### Table 3b – General requirements

Installation name	
If the TGN or H1 assessment shows that emissions of substances not controlled by emission limits are an important issue, send us your plan for managing them	Document reference or references
If the TGN or H1 assessment shows that odours are an important issue, send us your odour management plan	Document reference or references
If the TGN or H1 assessment shows that noise or vibration are important issues, send us your noise or vibration management plan (or both)	Document reference or references

#### **3c** Types and amounts of raw materials

Fill in Table 3c for all schedule 1 activities. Fill in a separate table for each installation.

#### Table 3c – Types and amounts of raw materials

Installation name				
Capacity (See note 1 below)				
Schedule 1 activity	Description of raw material and composition material	Maximum amount (tonnes) (See note 2 below)	Annual throughput (tonnes each year)	Description of how the raw material is used including any main hazards (include safety information sheets)

#### Notes

1 By 'capacity', we mean the total storage capacity (tonnes) or total treatment capacity (tonnes each day).

2 By 'maximum amount', we mean the maximum amount of raw materials on your site at any one time.

#### **3** Operating techniques, continued

Use a separate sheet if you have a long list of raw materials, and send it to us with your application form. Please also provide the document reference you have given the extra sheet. Document reference

#### 3d Information for specific sectors

For some of the sectors, we need more information to be able to set appropriate conditions in the permit.

This is as well as the information you may provide in sections 5, 6 and 7.

For those activities listed below, you must answer the questions in the related document.

#### Table 3d – Questions for specific sectors

Sector	Appendix
Combustion	See the questions in appendix 1
Chemicals	See the questions in appendix 2
Intensive farming	See the questions in appendix 3
Clinical waste	See the questions in appendix 4
Hazardous and non-hazardous waste recovery and disposal	See the questions in appendix 5
Incinerating waste	See the questions in appendix 6
Landfill	See the questions in appendix 7

#### **General information**

#### 4 Monitoring

#### 4a Describe the measures you use for monitoring emissions by referring to each emission point in Table 2 above

You should also describe any environmental monitoring. Tell us:

- how often you use these measures;
- the methods you use; and
- the procedures you follow to assess the measures.

Document reference for this information

#### 4b Point source emissions to air only

Provide an assessment of the sampling locations you have used to measure point source emissions to air. The assessment must use M1 (see the guidance notes on part B3).

Document reference of the assessment

#### 5 Environmental impact assessment

# 5a Have your proposals had an environmental impact assessment under Council Directive 85/337/EEC of 27 June 1985 [Environmental Impact Assessment] (EIA)?

- No 🗌 Now go to section 6
- Yes 🗌 Please provide a copy of the environmental statement and, if the procedure has been completed:
  - a copy of the planning permission; and
  - the committee report and decision on the EIA.

Document reference for the copy

#### 6 Resource efficiency and climate change

If the site is a landfill, you only need to fill in this section if the application includes landfill gas engines.

#### 6a Describe the basic measures for improving how energy efficient your activities are

Document reference of this description

#### 6b Provide a breakdown of any changes to the energy your activities use and create

Document reference of the breakdown

#### 6 Resource efficiency and climate change, continued

#### 6c Have you entered into, or will you enter into, a climate change levy agreement?

- No
   Describe the specific measures you use for improving your energy efficiency.

   Document reference of this description

   Yes
   Please give the date you entered (or the date you expect to enter) into the agreement (DD/MM/YYY)
  - Please also provide documents that prove you are taking part in the agreement.
    - Document reference of the proof you are providing

#### 6d Tell us about, and justify your reasons for, the raw and other materials, other substances and water you will use

Document reference of this document

#### 6e Describe how you avoid producing waste in line with Council Directive 2006/12/EC on waste

If you produce waste, describe how you recover it.

If it is technically and financially impossible to recover the waste, describe how you dispose of it while avoiding or reducing any effect it has on the environment.

Document reference for your description

### 7 How to contact us

If you need help filling in this form, please contact the person who sent it to you or contact us as shown below.

General enquiries: 03708 506 506 (Monday to Friday, 8am to 6pm)

Textphone: 03702 422 549 (Monday to Friday, 8am to 6pm)

Email: enquiries@environment-agency.gov.uk

Website: www.environment-agency.gov.uk

If you are happy with our service, please tell us. It helps us to identify good practice and encourages our staff. If you're not happy with our service, please tell us how we can improve it.

# Please tell us if you need information in a different language or format (for example, in large print) so we can keep in touch with you more easily.

#### Form EPB: Application for an environmental permit – Part B3 new bespoke installation permit

#### Feedback

(You don't have to answer this part of the form, but it will help us improve our forms if you do.)

We want to make our forms easy to fill in and our guidance notes easy to understand. Please use the space below to give us any comments you may have about this form or the guidance notes that came with it.

How long did it take you to fill in this form?			
We will use your feedback to improve our forms and gu	idance notes, and to tell the (	Government how regulations	could be
made simpler.			
Nould you like a reply to your feedback?			
Yes please			

No thank you

Crystal Mark 19104 Clarity approved by Plain English Campaign

Yes 
Amount received

£ 🗆

#### Plain English Campaign's Crystal Mark does not apply to appendices 1 to 7.

#### Appendix 1 – Specific questions for the combustion sector

1 Identify the type of fuel burned in your combustion units (including when your units are started up, shut down and run as normal). If your units are dual fuelled (that is, use two types of fuel), list both the fuels you use

Fill in a separate table for each installation.

Installation reference			
Type of fuel	When run as normal	When started up	When shut down
Coal			
Gas oil			
Heavy fuel oil			
Natural gas			
WID waste			
Biomass (see notes 1 and 2 below)			
Biomass (see notes 1 and 2 below)			
Biomass (see notes 1 and 2 below)			
Biomass (see notes 1 and 2 below)			
Biomass (see notes 1 and 2 below)			
Other			

Notes

1 Not covered by Industrial Emissions Directive 2010/75/EU.

2 'Biomass' is referred to in www.opsi.gov.uk/si/si2002/20020914.htm.

Give extra information if it helps to explain the fuel you use.

Document reference

#### 2 Give the composition range of any fuels you are currently allowed to burn in your combustion plant

Fill in a separate table for each installation.

Fuel use and analysis					
Installation reference					
Parameter	Unit	Fuel 1	Fuel 2	Fuel 3	Fuel 4
Maximum percentage of gross thermal input	%				
Moisture	%				
Ash	% wt/wt dry				
Sulphur	% wt/wt dry				
Chlorine	% wt/wt dry				
Arsenic	% wt/wt dry				
Cadmium	% wt/wt dry				
Carbon	% wt/wt dry				
Chromium	% wt/wt dry				
Copper	% wt/wt dry				
Hydrogen	% wt/wt dry				
Lead	% wt/wt dry				
Mercury	% wt/wt dry				
Nickel	% wt/wt dry				
Nitrogen	% wt/wt dry				
Oxygen	% wt/wt dry				
Vanadium	mg/kg dry				
Zinc	mg/kg dry				
Net calorific value	MJ/kg				

#### Appendix 1 – Specific questions for the combustion sector, continued

#### 3 If NOx factors are necessary for reporting purposes (that is, if you do not need to monitor emissions), please provide the factors associated with burning the relevant fuels

Fill in a separate table for each installation.

Installation reference	
Fuel	NOx factor (kgt <sup>-1</sup> )
Fuel 1	
Fuel 2	
Fuel 3	
Fuel 4	

Note: kgt<sup>-1</sup> means kilograms of nitrogen oxides released for each tonne of fuel burned.

#### Will your combustion plant be subject to Chapter III of the Industrial Emissions Directive 2010/75/EU? (see 4 **Government guidance**)

No 🗌 Now fill in part F

Yes 🗌

#### Is your plant 5

an existing plant (a plant licensed before 1 July 1987)?	
a new plant (a plant licensed on or after 1 July 1987 but before 27 November 2002, or a plant for which an application was made before 27 November 2002 and which was put into operation before 27 November 2003)?	
or	
a new-new plant (a plant for which an application was made on	

or after 27 November 2002)?

#### 6 If you run more than one type of plant or a number of the same type of plant on your installation, please list them in the table below

Fill in a separate table for each installation.

. ..

Installation reference	
Type of plant	Number within installation
Existing	
New	
New-new	
Gas turbine (group A)	
Gas turbine (group B)	

#### 7 If you run an existing plant, have you submitted a declaration for the 'limited life derogation' set out in Article 33 of **Chapter III of the Industrial Emissions Directive?**

No 🗌 Now go to section 9

Yes 🗌

#### Have you subsequently withdrawn your declaration? 8

No 🗌

Yes 🗌

#### List the existing large combustion plants (LCPs) which have annual mass allowances under the National Emission 9 Reduction Plan (NERP), and those with emission limit values (ELVs) under the LCPD

Installation reference	
LCPs under NERP	LCPs with ELVs

### Appendix 1 – Specific questions for the combustion sector, continued

### 10 Do you meet the monitoring requirements of Chapter III of the Industrial Emissions Directive?

T

Yes 
Document reference number

#### Appendix 2 - Specific questions for the chemical sector

#### **1** Please provide a technical description of your activities

The description should be enough to allow us to understand:

- the process;
- the main plant and equipment used for each process;
- all reactions, including significant side reactions (that is, the chemistry of the process);
- the material mass flows (including by products and side streams) and the temperatures and pressures in major vessels;
- the all emission control systems (both hardware and management systems), for situations which could involve releasing a significant amount of emissions particularly the main reactions and how they are controlled;
- a comparison of the indicative BATs and benchmark emission levels standards in Technical Guidance Notes (TGNs) EPR 4.01, EPR 4.02 and EPR 4.03, and chemical sector BREFs.

#### Document reference

# 2 If you are applying for a multi-purpose plant, do you have a multi-product protocol in place to control the changes?

No 🗌

Yes 🗌 Provide a copy of your protocol to accompany this application

Document reference

#### 3 Does Chapter V of the Industrial Emissions Directive (IED) apply to your activities?

- No 🗌
- Yes 🗌 Fill in the following

#### 3a List the activities which are controlled under the IED

Installation reference				
Activities				

#### 3b Describe how the list of activities in question 3a above meets the requirements of the IED

Document reference

### Appendix 3 – Specific questions for the intensive farming sector

### 1 For each type of livestock, tell us the number of animal places you are applying for

Installation reference	
Type of livestock	Number of places

- 2 Is manure or slurry exported from the site?
- No 🗌

Yes 🗌

#### 3 Is manure or slurry spread on the site?

No 🗌

Yes 🗌

#### Appendix 4 – Specific questions for the clinical waste sector

If you are applying for an activity covered by the Waste Incineration Directive and wish to accept clinical waste you should fill in questions 1, 2 and 3 of this appendix.

Note: If your procedures are fully in line with the standards set out in EPR5.07 then you should tick the 'yes' box and provide the procedure reference. There is no need for you to supply a copy of the procedure.

## 1 Are pre-acceptance procedures in place that are fully in line with the appropriate measures set out in section 2.2 of EPR 5.07 and which are used to assess a waste enquiry before it is accepted at the installation?

No Derivide justification for departure from EPR 5.07 and submit a copy of the procedures

Document reference	
Yes 🗌 Document reference	
<ul> <li>Are waste acceptance procedures in place that are fully</li> <li>2.2 of EPR 5.07, and which are used to cover issues such as rejecting waste, and keeping records to track waste?</li> <li>No Provide justification for departure from EPR 5.07 and submodely</li> </ul>	
Document reference	L]
Yes 🗌 Document reference	L
<b>3</b> Are waste storage, handling and dispatch procedures, appropriate measures set out in section 3.2 of EPR 5.07? No	and infrastructure in place that are fully in line with the it a copy of the procedures
Document reference	LJ
Yes 🗌 Document reference	L
EPR 5.07?	with the appropriate measures set out in section 3.3 of
No 🗌 Provide justification for departure from EPR 5.07 and subm	it a copy of the procedures
Document reference	
Yes 🗌 Document reference	
<ul> <li>5 Are you proposing to either</li> <li>accept an additional waste not included in Table 2.1 of section</li> <li>apply a permitted activity to a waste other than that identified to the section of the section</li></ul>	
Document reference	
6 Please provide a summary description of the treatment cover the general principles set out in section 2.1.4 of EPR 5	
Document reference	

## 7 Please provide layout plans detailing the location of each treatment plant and main plant items and process flow diagrams for the treatment plant

Document reference

Form EPB: Application for an environmental permit – Part B3 new bespoke installation permit

#### Appendix 5 – Specific questions for the hazardous and non-hazardous waste recovery and disposal sector

Note: If your procedures are fully in line with the standards set out in SGN 5.06 then you should tick the 'yes' box and provide the procedure reference. There is no need for you to supply a copy of the procedure.

# 1 Are pre-acceptance procedures in place that are fully in line with the appropriate measures set out in section 2.1.1 of SGN 5.06, and which are used to assess a waste enquiry before it is accepted at the installation?

No 🗌 Provide justification for departure from SGN 5.06 and submit a copy of the procedures

Document reference

Yes Document reference

Are waste acceptance procedures in place that are fully in line with the appropriate measures set out in section 2.1.2 of SGN 5.06, and which are used to cover issues such as loads arriving and being inspected, sampling waste, rejecting waste, and keeping records to track waste?

No 🗌 Provide justification for departure from SGN 5.06 and submit a copy of the procedures

Document reference

Yes Document reference

3 Are waste storage procedures and infrastructure in place that are fully in line with the appropriate measures set out in section 2.1.3 of SGN 5.06?

No 🗌 Provide justification for departure from SGN 5.06 and submit a copy of the procedures

Document reference

Yes 🗌 Document reference

4 Provide a layout plan giving details of where the installation is based, the infrastructure in place (including areas and structures for separately storing types of waste which may be dangerous to store together) and capacity of waste storage areas and structures

Document reference

5 Provide a summary of the treatment activities carried out on the installation. This should cover the general principles set out in section 2.1.4 of SGN 5.06 and the specific principles set out in sections 2.1.5 to 2.1.15 as appropriate of SGN 5.06

Document reference

6 Provide layout plans giving details of where each treatment plant is based, the main items at each plant, and process flow diagrams for the treatment plant

Document reference or references

#### Appendix 6 – Specific questions for the waste incineration sector

If you are proposing to accept clinical waste please also fill in questions 1, 2 and 3 of appendix 4 above.

#### 1a Do you run incineration plants as defined by Chapter IV of the Industrial Emissions Directive (IED)?

#### No 🗌 You do not need to answer any other questions in this appendix

Yes 🗌 WID applies

#### 1b Are you subject to IED as an incinerator or co-incinerator?

As an incinerator
-------------------

As a co-incinerator

#### 2 Do any of the installations contain more than one incineration line?

No 🗌 Now go to section 4

Yes 🗌

#### 3 How many incineration lines are there within each installation?

Fill in a separate table for each installation

Installation reference	
Number of incineration lines within the installation	
Reference identifiers for each line	

 $\square$ 

 $\square$ 

You must provide the information we ask for in questions 4, 5 and 6 below in separate documents. The information must at least include all the details set out in section 2 ('Key Issues') of TGN S5.01 (under the subheading 'European legislation and your application for an EP Permit').

## 4 Describe how the plant is designed, equipped and will be run to make sure it meets the requirements of IED, taking into account the categories of waste which will be incinerated

Document reference

## 5 Describe how the heat created during the incineration and co-incineration process is recovered as far as possible (for example, through combined heat and power, creating process steam or district heating)

Document reference

## 6 Describe how you will limit the amount and harmful effects of residues and describe how they will be recycled where this is appropriate

Document reference

For each line identified in question 3, answer questions 7 to 13 below Question 3 identifier, if necessary

## 7 Do you want to take advantage of the Article 45 (1)(f) allowance (see below) if the particulates, CO or TOC continuous emission monitors (CEM) fail?

No 🗌

Yes This article allows 'abnormal operation' of the incineration plant under certain circumstances when the CEM for releases to air have failed. Annex VI, Part 3(2) sets maximum half hourly average release levels for particulates (150mg/m<sup>3</sup>), CO (normal ELV) and TOC (normal ELV) during abnormal operation.

Describe the other system you use to show you keep to the requirements of Article 13(4) (for example, using another CEM, providing a portable CEM to insert if the main CEM fails, and so on).

#### Appendix 6 – Specific questions for the waste incineration sector, continued

8 Do you want to replace continuous HF emission monitoring with periodic hydrogen fluoride (HF) emission monitoring by relying on continuous hydrogen chloride (HCl) monitoring as allowed by IED Annex VI, Part 6 (2.3)?

Under this you do not have to continuously monitor emissions for hydrogen fluoride if you control hydrogen chloride and keep it to a level below the HCl ELVs.

No 🗌

Yes Delease give reasons for doing this

9	Do you want to replace continuous water vapour monitoring with pre-analysis drying of exhaust gas samples, as
allov	wed by IED Annex VI, Part 6 (2.4)?

Under this you do not have to continuously monitor the amount of water vapour in the air released if the sampled exhaust gas is dried before the emissions are analysed.

No 🗌

Yes 🗌 Please give your reasons for doing this

## 10 Do you want to replace continuous hydrogen chloride (HCl) emission monitoring with periodic HCl emission monitoring, as allowed by IED Annex VI, Part 6 (2.5), first paragraph?

Under this you do not have to continuously monitor emissions for hydrogen chloride if you can prove that the emissions from this pollutant will never be higher than the ELVs allowed.

No 🗌

Yes 🗌 Please give your reasons for doing this

#### Appendix 6 – Specific questions for the waste incineration sector, continued

## 11 Do you want to replace continuous HF emission monitoring with periodic HF emission monitoring, as allowed by IED Annex VI, Part 6 (2.5), first paragraph?

Under this you do not have to continuously monitor emissions for hydrogen fluoride if you can prove that the emissions from this pollutant will never be higher than the ELVs allowed.

No 🗌

Yes 🗌 Please give your reasons for doing this

12	Do you want to replace continuous SO, emission monitoring with periodic sulphur dioxide (SO,) emission
mon	nitoring, as allowed by IED Annex VI, Part 6 (2.5), first paragraph?

Under this you do not have to continuously monitor emissions for sulphur dioxide if you can prove that the emissions from this pollutant will never be higher than the ELVs allowed.

No 🗌

Yes Delease give your reasons for doing this

13 If your plant uses fluidised bed technology, do you want to apply for a derogation of the CO WID ELV to a maximum of 100 mg/m<sup>3</sup> as an hourly average, as allowed by IED Annex VI, Part 3?

No 🗌

Does not apply

Yes D Please give your reasons for doing this

#### Appendix 7 – Specific questions for the landfill sector

#### 1 Provide your Environmental Setting and Installation Design (ESID) report

Document reference

#### 2 Provide your hydrogeological risk assessment (HRA) for the site

Document reference

### 3 Provide your stability risk assessment (SRA) for the site

Document reference

#### 4 Provide your landfill gas risk assessment (LFGRA) for the site

Document reference

We have developed templates for these four reports which can be found within H1 – Landfill Annex.

#### 5 Provide your proposed plan for closing the site and your procedures for looking after the site once it has closed

L

### Application for an environmental permit Part F1 – Opra, charges and declarations

Fill in this part for all applications for installations, waste operations, mining waste operations and groundwater discharges onto land. Please check that this is the latest version of the form available from our website.

For applications for water discharge and point source groundwater discharge activities you need to fill in part F2 instead.

Please read through this form and the guidance notes that came with it. Please write clearly in the answer spaces.

It will take less than two hours to fill in this part of the application form.

#### Contents

- 1 Working out charges
- 2 Opra
- 3 Payment
- 4 The Data Protection Act 1998
- 5 Confidentiality and national security
- 6 Declaration
- 7 Application checklist
- 8 How to contact us
- 9 Where to send your application

#### 1 Working out charges (you must fill in this section)

You have to submit an application fee with your application. You can find out the charge by either looking at the relevant standard rules permit page, the 'Making an application' webpage at http://www.environment-agency.gov.uk/business/topics/permitting/32318.aspx, or the current environmental permitting charging scheme on our website at www.environment-agency.gov.uk which sets out our charges under the Environmental Permitting Regulations. Please remember that the charges are revised on 1 April each year and that there is an annual subsistence charge to cover the costs we incur in the ongoing regulation of the permit.

Note: for Opra charged Tier 3 Facilities you also need to complete an Opra profile (see section 2).

#### Table 1 – Working out charges

Type of application					
	Summary of charges				
Tier 2 facilities (including Part A(2) and Part B; see guidance notes on part F1)	Charge identifier	Number of facilities	Charge for each facility (£)	Charges due (£)	
Tier 3 facilities					
Total Opra charging score for installations		× charge multiplier		=	
Total Opra charging score for waste operations		× charge multiplier		=	
Total Opra charging score for mining waste facilities		× charge multiplier		=	
Other charges					
Total charges due					

2 Opra (does not apply to standard facilities, any other tier 2 permit applications (e.g. groundwater land spreading activities), or water-discharge or groundwater point source discharge activities)

#### If you are submitting a bespoke application, you must include a completed electronic copy in Excel of the current Opra spreadsheet.

For variations, full and partial surrenders you will need to submit a copy of your current Opra profile based on your existing profile, not any new profile following the variation or surrender.

For transfers you will need to submit a revised Opra profile to include your own operator performance. Note: this will not change the set transfer fee.

Tick this box to confirm that you have included the OPRA spreadsheet		have included the

Appl	ying for a permit in Wales?			
	u choose to pay by electronic mation to make your payme		for a permit in the EA Wales region, you will need to use the following	
Com	pany name:	Environment Agency Wales		
Com	pany address:	PO Box 663, Cardiff, CF24 0	TP	
Bank	<:	Citigroup Centre		
		Canada Square, London, E1	4 5LB	
Sort	code:	08-33-00		
Ассо	unt number:	12800578		
Payn	nent reference number:	PSCAPPXXXXXYYY		
and i	it should include the first five	letters of the company name (re	ith PSCAPP (to reflect that the application is for a permitted activity) eplacing the X's in the above reference number) and a unique numerical eference number that you supply will appear on our bank statements.	

#### 3 Payment, continued

You should also email your payment details and a reference number to online@environment-agency.wales.gov.uk or fax it to 02920 466 404.

If you are making your payment from outside the United Kingdom, it must be in sterling. Our IBAN number is GB48 CITI0833 0012 8005 78 and our SWIFTBIC number is CITI GB2LXXX.

If you do not quote your reference number, there may be a delay in processing your payment and application.

#### Applying for a permit in England?

If you choose to pay by electronic transfer and you are applying for a permit for another (English) region, you will need to use the following information to make your payment.

Company name:	Environment Agency
Company address:	Income Dept 311, PO Box 263, Peterborough, PE2 8YD
Bank:	Citigroup Centre
Address:	Canada Square, London, E14 5LB
Sort code:	08-33-00
Account number:	12800543
Payment reference number:	PSCAPPXXXXXYYY

You need to create your own reference number. It should begin with PSCAPP (to reflect that the application is for a permitted activity) and it should include the first five letters of the company name (replacing the X's in the above reference number) and a unique numerical identifier (replacing the Y's in the above reference number). The reference number that you supply will appear on our bank statements.

You should also email your payment details and reference number to FSC-Income@environment-agency.gov.uk or fax it to 01733 464 892.

If you are making your payment from outside the United Kingdom, it must be in sterling. Our IBAN number is GB23 CITI0833 0012 8005 78 and our SWIFTBIC number is CITI GB2LXXX.

If you do not quote your reference number, there may be a delay in processing your payment and application.

Now read section 4 below.

#### 4 The Data Protection Act 1998

We, the Environment Agency, will process the information you provide so that we can:

- deal with your application;
- make sure you keep to the conditions of the licence, permit or registration;
- process renewals; and
- keep the public registers up to date.

We may also process or release the information to:

- offer you documents or services relating to environmental matters;
- consult the public, public organisations and other organisations (for example, the Health and Safety Executive, local authorities, the emergency services, the Department for Environment, Food and Rural Affairs) on environmental issues;
- carry out research and development work on environmental issues;
- provide information from the public register to anyone who asks;
- prevent anyone from breaking environmental law, investigate cases where environmental law may have been broken, and take any action that is needed;
- assess whether customers are satisfied with our service, and to improve our service; and
- respond to requests for information under the Freedom of Information Act 2000 and the Environmental Information Regulations 2004 (if the Data Protection Act allows). We may pass the information on to our agents or representatives to do these things for us.

Now read section 5 below.

#### 5 Confidentiality and national security

We will normally put all the information in your application on a public register of environmental information. However, we may not include certain information in the public register if this is in the interests of national security, or because the information is confidential.

You can ask for information to be made confidential by enclosing a letter with your application giving your reasons. If we agree with your request, we will tell you and not include the information in the public register. If we do not agree with your request, we will let you know how to appeal against our decision, or you can withdraw your application.

#### Only tick the box below if you wish to claim confidentiality for your application

Please treat the information in my application as confidential  $\Box$ 

#### 5 Confidentiality and national security, continued

#### National security

You can tell the Secretary of State/Welsh ministers that you believe including information on a public register would not be in the interests of national security. You must enclose a letter with your application telling us that you have told the Secretary of State and you must still include the information in your application. We will not include the information in the public register unless the

Secretary of State decides that it should be included.

You can find guidance on national security in 'Core Environmental Permitting Guidance' published by Defra and available via our website at www.environment-agency.gov.uk.

You cannot apply for national security via this application.

Now go to section 6

#### 6 Declaration

If you knowingly or carelessly make a statement that is false or misleading to help you get an environmental permit (for yourself or anyone else), you may be committing an offence under the Environmental Permitting (England and Wales) Regulations 2012.

A relevant person should make the declaration (see guidance notes on part F1). An agent acting on behalf of an applicant is NOT a relevant person.

Each individual (or individual trustee) who is applying for their name to appear on the permit must complete this declaration. You will have to print a separate copy of this page for each additional individual to complete.

If you are transferring all or part of your permit, both you and the person receiving the permit must make the declaration.

Note: If you are unable to trace one or more of the current permit holders please see below under the transfers declaration.

I declare that the information in this application is true to the best of my knowledge and belief. I understand that this application may be refused or approval withdrawn if I give false or incomplete information.

If you deliberately make a statement that is false or misleading in order to get approval you may be prosecuted.

I confirm that my standard facility will fully meet the rules that I have applied for (this only applies if the application includes standard facilities)	
Tick this box to confirm that you understand and agree with the declaration above, then fill in the details below	
Tick this box to confirm that you have no issue with us using information from any ecological survey that you have supplied with your application (for further information please see the guidance notes on part F1)	
Name	
Title (Mr, Mrs, Miss and so on)	LI
First name	LJ
Last name	
on behalf of (if relevant; for example, a company or organisation and so on)	L

#### For transfers only – declaration for person receiving the permit

A relevant person should make the declaration (see guidance notes on part F1).

I declare that the information in this application to transfer an environmental permit to me is true to the best of my knowledge and belief. I understand that this application may be refused or approval withdrawn if I give false or incomplete information.

Note: If you cannot trace a person or persons holding the permit you may be able to transfer the permit without their declaration as above. Please contact us to discuss this and supply evidence in your application to confirm you are unable to trace one or all of the permit holders.

If you deliberately make a statement that is false or misleading in order to get approval you may be prosecuted.

Tick this box to confirm that you understand and agree with	
the declaration above	
Name	
Title (Mr, Mrs, Miss and so on)

#### 8 How to contact us

If you need help filling in this form, please contact the person who sent it to you or contact us as shown below.

General enquiries: 03708 506 506 (Monday to Friday, 8am to 6pm)

Textphone: 03702 422 549 (Monday to Friday, 8am to 6pm)

Email: enquiries@environment-agency.gov.uk

Website: www.environment-agency.gov.uk

If you are happy with our service, please tell us. It helps us to identify good practice and encourages our staff. If you're not happy with our service, please tell us how we can improve it.

## Please tell us if you need information in a different language or format (for example, in large print) so we can keep in touch with you more easily.

#### 9 Where to send your application (for how many copies to send see the guidance note on part F1)

Please send your filled in application form to:

Permitting Support Centre Quadrant 2 99 Parkway Avenue Parkway Business Park Sheffield S9 4WF

Do you want all information to be sent to you by email?

Please tick this box if you wish to have all communication about this application sent via email (we will use the details provided in Part A)  $\Box$ 

#### Feedback

(You don't have to answer this part of the form, but it will help us improve our forms if you do.)

We want to make our forms easy to fill in and our guidance notes easy to understand. Please use the space below to give us any comments you may have about this form or the guidance notes that came with it.

How long did it take you to fill in this form?	
We will use your feedback to improve our forms and guidance notes	s, and to tell the Government how regulations could be
made simpler.	
Would you like a reply to your feedback?	
Yes please	
No thank you
