WITHDRAWING PATENT APPLICATIONS

This notice seeks to inform applicants and practitioners of the method the Intellectual Property Office recommends for withdrawing patent applications.

Background

Any request to withdraw an application is always an important action and is dealt with as quickly as possible in the Office. However, quick action in the Office becomes *crucial* when a withdrawal request is received for an application which is soon to be published. We of course wish to avoid erroneous publication.

Ways of withdrawing applications

Withdrawal of a patent application can be made by:

- emailing withdraw@ipo.gov.uk
- faxing the Office on 01633 817777
- writing to the Office

We ***highly recommend*** that the email option be used, as this will ensure that the request is dealt with quickly by a dedicated team of staff. Full details of this service can be found at <http://www.ipo.gov.uk/p-direction-withdrawal.htm>.

Notifying the Office of withdrawal in time to prevent publication

An application for withdrawal in time to prevent publication must be received in this Office by 23:59 on the day before preparations for publication are complete (the *PPC date*). The official letter notifying applicants of the PPC date for their application will only be received 2 or 3 days prior to the PPC date. That leaves a very short time in which to notify the Office of withdrawal. If the email message or written notification is not received by 23:59 on the day before the PPC date, it will be too late to prevent publication.

Therefore the earlier applicants and practitioners can make decisions about withdrawal and notify the Office, the better.

Further guidance on withdrawal of patent applications can be found at:
<http://www.ipo.gov.uk/p-withdraw.htm>
