The Department for Education has provided guidance to Government of Gibralt and stands ready to provide further support.
28	Strengthen the work of audit bodies and public accounts committees or their equivalents, with the support of the UK National Audit Office (NAO).	<ul style="list-style-type: none"> • The NAO hosted a workshop in January 2014 for audit officials from the Territories. As a follow up to the workshop, the NAO is working with the Territories to develop a model framework for audit, which the Overseas Territories can draw on in planning their audit processes.

Joint Ministerial Council 2013 - Progress on Implementation of Agreed Actions

Security

	Commitment	Progress
29	Enhance support provided by the UK Association of Chief Police Officers, UK College of Policing and the newly formed National Crime Agency (NCA).	<ul style="list-style-type: none"> • The Caribbean Territories and Bermuda signed a Memorandum of Understanding with the NCA 'Regarding operational assistance and competency & capability development opportunities in the investigation of serious and organised crime' on 24th March 2014 • UK Caribbean Overseas Territories & Bermuda Commissioner of Police Training & Development Business Area Lead and FCO-Overseas Territories LEA visit to College of Policing in January 2014 and single point of contact established. • Single point of contact established with UK Association of Chief Police Officers (ACPO) (Chief Executive) who attends Commissioner of Police meetings. • Information Sharing Agreements between Caribbean Overseas Territories & Bermuda with ACPO Criminal Record Office (ACRO) being progressed with target date for implementation of 31st March 2015 • Secure communications link using new UK Public Service Network Police (PSNP) being progressed with target date for implementation 30th June 2015.
30	Enhance support for judicial and prosecution services, building upon the relationships already established with the Ministry of Justice and UK Crown Prosecution Service.	<ul style="list-style-type: none"> • Between February 2013 and May 2013, the Crown Prosecution Service (CPS) deployed a prosecutor as a Criminal Justice Adviser (CJA) to the Office of the Director of Public Prosecutions (ODPP) in the British Virgin Islands (BVI). Subsequently, the Governor and the DPP in the BVI identified a need for support in the priority areas of money laundering and asset recovery, as these directly linked into the need to improve BVI's performance and its standing with the international community. Arrangements were made for the CPS to deploy a Crown Prosecutor to act as CJA, in the period February 2014 to May 2014, for this purpose. • A mix of prison, probation and education staff from Anguilla were trained to Foundation and Practitioner level in restorative justice. The 3-day course was also completed by the Chief Magistrate from Montserrat, a Magistrate from Bermuda, the Rehabilitation manager from the British Virgin Islands and several prison and probation staff from the Cayman Islands. In October 2014, TCI undertook the same training. These courses also included briefings on Restorative Justice to senior local officials (Chief Justice, DPP, Attorney General, Governor etc) as well as several days spent assisting with preparation for the first meetings between victims and offenders.

Joint Ministerial Council 2013 - Progress on Implementation of Agreed Actions

31	Implement disaster risk reduction initiatives; robust and effective disaster preparation and response planning, including exercising and engagement with regional and international disaster response agencies.	<ul style="list-style-type: none"> • Quarterly Working Group established to explore collaborative ways of working; share best practice e.g. through training and job shares, and explore how Caribbean Overseas Territories can help each Overseas Territoriesher with capacity building. • Job exchange programme introduced for FY14/15, enabling Disaster Management Officers from each Territory to share best practice and expertise. • Disaster Management Directors for Anguilla, British Virgin Islands, Cayman Islands, Montserrat, and Turks and Caicos Islands have been registered for and undertaken initial training on the Emergency Management Accreditation Programme (EMAP), an internationally recognised process which fosters excellence and accountability in emergency managers. • Annual stakeholder discussions held in Miami in May with Territory representatives, Governors' Offices, the Senior Command team of the Royal Navy deployment to the Caribbean and external speakers. • Almost all Territories attended for the first time the Annual (Florida) Governor's Hurricane Conference in Orlando in May pre-hurricane season. • Cayman Islands participated in the FCO Crisis Management Exercise ('Sunseeker') June 2014, with attendance by Bermuda and Turks and Caicos Islands. • Turks and Caicos Islands representative attended Bournemouth University Disaster Management course (July 2014).
32	Take advantage of the expertise of the UK Ministry of Justice (MOJ), National Offender Management Service (NOMS) and HM Prison Service to progress alternatives to custody, prison reform, restorative justice and protection of vulnerable witnesses.	<ul style="list-style-type: none"> • Restorative Justice processes now operating in Anguilla, British Virgin Islands, Cayman Islands & Montserrat and working group set up in Bermuda following UK-led training course in July 2014. Training for Turks and Caicos Islands to take place in November 2014. • Parole processes continue to develop, with improved risk assessment and decision making tools. British Virgin Islands Parole Board will hold first hearings in late 2014, being the last Territory to implement parole. Parole Board of England & Wales will assist with training and provision of specialist advice. • NOMS trainers have delivered further UK-accredited offending behaviour programmes in cognitive skills and victim awareness to British Virgin Islands, Bermuda, Turks and Caicos Islands and Cayman Islands in 2014. • In October 2014, British Virgin Islands will be the first Overseas Territory to be trained by UK specialists to deliver a family-focussed programme aimed at reducing reoffending. • Advisory visits by Youth Justice Board took place in British Virgin Islands (June 2014) and Turks and Caicos Islands (July 2014). • One prison now has a specialist search team trained by a NOMS trainer, and one Territory prison will

		<p>shortly commence a cell phone blocking pilot.</p> <ul style="list-style-type: none"> • A significant increase in secondments to UK prisons has taken place over the last 12 months, with over 15 individuals spending an average of 4 weeks there.
33	Put in place robust and reliable extradition arrangements, including through extension of the 2003 Extradition Act;	<ul style="list-style-type: none"> • FCO legal advisers are in regular contact with Territory Attorneys General in support of their review of their Acts. Orders in Council will be made for each Overseas Territory.

Health [carried over from 2012 Communiqué]

	Commitment	Progress
34	<p>Improve treatment and care for people suffering from chronic non-communicable diseases:</p> <ul style="list-style-type: none"> • improve the sharing of information on UK health strategies and practices to the Territories; • share expertise on the audit and review of healthcare standards; • improve treatment of the mentally ill, building on work carried out by the Royal College of Psychiatry. 	<p>The Department of Health (DH) stands ready to respond to requests from the Overseas Territories for information on how to improve treatment and care for people suffering from specific chronic non-communicable diseases.</p> <ul style="list-style-type: none"> • DH and Care Quality Commission representatives shared expertise on audit and review of healthcare standards with the Overseas Territories in September. • DH working with UK Government departments to address mental health issues in the Overseas Territories, and in particular in the prisons. • Forensic Psychiatrists from Oxleas Trust carried out an advisory visit to British Virgin Islands in February to review processes in the justice system for dealing with the mentally ill. (Follows earlier visits to Anguilla and Montserrat). Proposal being taken forward for a visit to Turks and Caicos Islands. • Health Action Partnership International (HAPI), Oxleas Trust and DH are working with Montserrat, Anguilla and The British Virgin Islands to build on visits undertaken to the islands by forensic psychiatrists, encouraging the Overseas Territories to take practical steps to improve care, support and rehabilitation for mentally ill offenders. • Oxleas Trust remains ready to provide a support and advice line to Montserrat and Anguilla.

Joint Ministerial Council 2013 - Progress on Implementation of Agreed Actions

35	Use telemedicine and other distance support arrangements where this can improve healthcare in the Territories	<ul style="list-style-type: none"> • DH holds regular teleconferences with the Overseas Territories, both on specific issues and as an opportunity for the Overseas Territories to raise any concerns that they may have. The teleconference in September focussed on Ebola. • DH provides information to Overseas Territories as requested and sign posts to relevant organisations for support on technical issues e.g. DH and the National Health Service organised a visit for the Turks and Caicos Ministerial delegation to a Public Private Partnership/Private Finance Initiative (PPP/PFI) hospital in London in the first week of September 2014.
36	Address gaps identified by situation analysis of International Health Regulation (IHR) compliance	<ul style="list-style-type: none"> • The UK reported to the WHO earlier this summer that all UK territory, including OTs and Crown Dependencies (CDs), are considered broadly compliant with IHR. Points of entry under IHR have now been designated in mainland UK. UK Overseas Territories are considered broadly compliant with IHR given their specific and sometimes unique contexts, although surveillance and response systems could be further strengthened
37	Improve representation of the Territories and linkages with the work of global and regional health bodies	<ul style="list-style-type: none"> • DH continues to play an active and central coordination role for Overseas Territories in relation to the Pan American Health Organisation (PAHO) Directing Council, the World Health Assembly (WHA) and other World Health Organisation (WHO) meetings. We contacted the Overseas Territories prior to WHA and the Commonwealth Health Ministers Meeting (CHMM) in May to share papers and ask for any comments. Turks and Caicos Islands attended the PAHO meeting in September.
38	Review health care support for the people of the Territories including the NHS quota arrangement.	<ul style="list-style-type: none"> • A number of Overseas Territories have quotas of four places per year for residents to be treated in the UK. There have been ongoing discussions on whether these quotas could be increased both with the Overseas Territories and within DH. DH and FCO officials have agreed that this requires a steer from Ministers. A ministerial meeting is due to take place in December.
39	Assistance for the cost-effective procurement of medicines and professional training.	<ul style="list-style-type: none"> • In 2013, a questionnaire was sent to all Overseas Territories, seeking information on their current procurement arrangements, and asking whether they would be interested in DH potentially playing a central role. DH compiled all of this data, which is a useful source of information. • A call was organised in May between the Overseas Territories and experts from within DH, Public Health England (PHE) and the Commercial Medicines Unit, to allow further discussion and those Overseas Territories that did want assistance from the UK had specific asks, largely around the procurement of particular vaccines. There was no demand for a radical overhaul of systems. The only Overseas Territory that deemed this area to be a priority is St Helena. As a result of this, PHE will be including St Helena in a Procurement process piloting OT involvement. Plans for the Procurement will be finalised shortly. • DH and FCO are currently working together on issues relating to Overseas Territories' professional training requirements.
