

# Surrender notice with introductory note

The Environmental Permitting (England & Wales) Regulations 2010

---

SecAnim Limited

SecAnim Limited  
Desoto Road  
West Bank Dock Estate  
Widnes  
Cheshire  
WA8 0PB

Surrender application number

EPR/CP3230BE/S012

Permit number

EPR/CP3230BE

# SecAnim Limited (Widnes)

## Permit number EPR/CP3230BE

### Introductory note

#### This introductory note does not form a part of the notice

The following notice gives notice of the surrender in part of an environmental permit.

The area of land to be surrendered has been used for the storage of meat and bone meal (MBM) since the permit was issued. This area is located at the eastern side of the site and is shown on the attached amended plan.

A separate application from Refood UK Limited (EPR/AP3938EJ/A001) for an anaerobic digestion operation includes this surrendered land within their installation boundary.

The company name has changed from Granox Limited to SecAnim Limited with the company number being unchanged.

The opportunity was also taken to make some amendments to the permit.

The status log of a permit sets out the permitting history, including any changes to the permit reference number.

<b>Status log of the permit</b>

## Notice of surrender

The Environmental Permitting (England and Wales) Regulations 2010

The Environment Agency in exercise of its powers under regulation 25 of the Environmental Permitting (England and Wales) Regulations 2010 accepts the surrender in part of

**permit number**  
**EPR/CP3230BE**

**issued to**  
**SecAnim Limited** (“the operator”)

whose registered office is

**Ings Road**  
**Doncaster**  
**South Yorkshire**  
**DN5 9TL**

company registration number 00457634

to operate a regulated facility at

**SecAnim Limited**  
**Desoto Road**  
**West Bank Dock Estate**  
**Widnes**  
**Cheshire**  
**WA8 0PB**

to the extent set out in the schedules.

The notice shall take effect from 26/03/2014

Name	Date
<b>Graham Raynes</b>	<b>26/03/2014</b>

Authorised on behalf of the Environment Agency

## Schedule 1 – conditions to be deleted

Conditions 2.1.28 and 2.1.29 added by variation EPR/CP3230BE/V004 (PAS YP3836UK).

- 2.1.28 Hazardous wastes are not permitted to be processed in the fluidised bed combustors or boilers. Hazardous wastes of classes H4, H5 and H8 may be mixed to produce a non hazardous waste only for the purposes of destruction in the fluidised bed combustors subject to condition 2.1.29.
- 2.1.29 Step 3.4 of the protocol permitted by variation YP3836 shall state that wastes classed as hazardous, except classes H4, H5 and H8, shall be rejected. Hazardous waste of classes H4, H5 and H8 may be mixed with MBM and the normal thick liquids to produce a non hazardous waste. The mixture shall be analysed to determine that the mixture is non hazardous. Such mixtures may be considered suitable if the other steps in the protocol are satisfactory.

## Schedule 2 – conditions to be amended

Table 1.1.1 is amended to change the listed activity from a Section 1.1 A(1)(a) combustion activity to a Section 5.1 Part A(1)(b) incineration activity. The amended table is as follows:

<b>Table 1.1.1 activities</b>		
<b>Activity listed in Schedule 1 of the EP Regulations</b>	<b>Description of specified activity and WFD Annex I and II operations</b>	<b>Limits of specified activity and waste types</b>
Section 6.8 A(2)(a): Disposing of or recycling animal carcasses or animal waste by rendering at plant with a treatment capacity exceeding 10 tonnes per day of animal carcasses	Crushing, heating and drying of imported raw material to produce and separate substances suitable for incineration in the combustion facility, or disposal off-site.	Receipt of raw materials to disposal through to incineration or disposal to landfill.
Section 5.1 A(1)(b): The incineration of non-hazardous waste in a waste incineration plant or waste co-incineration plant with a capacity exceeding 3 tonnes per hour.	Combustion of waste and other fuels in boilers, fluidised bed combustors and compression ignition engines.	Receipt of raw materials to incineration, steam and electricity generation and export, waste handling and disposal off-site.
Section 5.4 A(1)(a)(i): Disposal of non-hazardous waste in a facility with a capacity exceeding 50 tonnes per day by biological treatment.	Effluent treatment plant.	From entry to site drainage system, through the on-site effluent treatment plant, to discharge to the River Mersey. Excluding domestic sewage treatment and discharge.

**Table 1.1.1 activities**

<b>Activity listed in Schedule 1 of the EP Regulations</b>	<b>Description of specified activity and WFD Annex I and II operations</b>	<b>Limits of specified activity and waste types</b>
<b>Directly Associated Activity</b>		
Raw material delivery, storage and handling.	Delivery, storage and handling of raw materials.	From delivery to site, offloading, handling and storage.
Blood Plant	Handling and processing of raw materials in the Blood Plant.	From receipt of blood to coagulation and drying, and transfer of product to the rendering plants.
Fuel and chemical storage and handling.	Storage and handling of fuel and chemicals.	From receipt or production of materials to use in on-site processes.
Waste storage and handling.	Storage and handling of waste.	From production of waste to storage, handling and dispatch from the Installation.
Emissions and odour abatement	Abatement of emissions and odour.	Abatement of emissions to air from the incineration and rendering activities and associated buildings, and product and raw material storage buildings.
Vehicle washing	Washing of vehicles.	On-site washing and cleaning of vehicles.

Condition 1.2.1 amended to change the colour of the installation boundary from red to green.

1.2.1 The activities authorised under condition 1.1.1 shall not extend beyond the Site, being the land shown edged in green on the Site Plan at Schedule 5 to this Permit, that represents the extent of the Installation covered by this Permit.

### **Schedule 3 – conditions to be added**

None.

### **Schedule 4 – amended plan**

The area of the site is reduced to that shown in the attached amended plan. This plan replaces the Site Plan in Schedule 5 of the Permit.
